

DON'T WANT AIR COLLEGE—Residents of Lake Geneva, Wis., display picket signs urging the Government to select another location for the proposed Air Force Academy. The site, a summer resort area, is one of three recently recommended for the Academy by a commission appointed to look over hundreds of suggested locations. (NEA Telephoto)

Top SPEBSQSA Quartets Sing In Washington, DC

WASHINGTON (AP)—The nation's often unharmonious capital is in tune today: it is host to the Society for the Preservation and Encouragement of Barbershop Quartet Singing in America, Inc.

Crowding the mezzanine floor of the Hotel Statler, you find men in fancy garb giving with old-fashioned harmony.

"We love it," said Ray Bieber, a tall, mustachioed lawyer who sings bass with the Four-in-a-Chord outfit from Cleveland.

That is one of 40 quartets in town for the society's 16th annual convention.

The society was described this way by Charles Merrill, associate justice of the Supreme Court of Nevada and a barbershopper from way back:

"Ours is a society with fewer neuroses than any other organized group, an association of men who sing because it is fun to sing."

Preliminary competition among the quartets from all over this country and Canada begins tonight. The finals are scheduled for Saturday night.

NEW PRESIDENT

WASHINGTON (AP)—Berney Simmer of St. Louis has been elected international president of the Society for the Preservation and Encouragement of Barbershop Quartet Singing in America, Inc.

Simmer was elected at the society's 16th annual meeting there. He succeeds John Z. Means of Manitowoc, Wis.

Robert G. Hafer of Detroit was reelected secretary.

Tells On Daddy

BALDWIN (AP)—A child's innocent remark before conviction officers that "Daddy saw a deer and shot at it" led to the arrest of two Muskogean men who started 10-day jail terms Wednesday for shooting deer out of season.

Carl Grambska, 32, and Leonard Barber, 29, were also fined \$50 after pleading guilty before Justice Ned Vane.

Swimmer Disappears

BENTON HARBOR (AP)—Joseph Beard Jr., 19, of Pontchartrou, La., drowned in the St. Joseph river seven miles southwest of Benton Harbor Wednesday. Beard, in tattered fruit picker, was swimming with seven others when suddenly he disappeared.

Weather

Reported by U. S. Weather Bureau

ESCANABA AND VICINITY: Partly cloudy with little change in temperature this afternoon, tonight and Friday. Afternoon temperatures about 65° along the shore and near 80° inland. Lowest temperature tonight around 60°. High temperatures on Friday around 75°.

SHORE WINDS: Northeastly 10 to 15 mph this afternoon, around 8 mph tonight and 10 to 15 mph again on Friday.

WINDS ON UPPER LAKE MICHIGAN: North to northeast 15 mph this afternoon and tonight and 15 to 20 mph on Friday.

Detroit Powder Blast Kills Man, Injures 8

DETROIT (AP)—Explosive experts today investigated an "experimental powder" blast which killed one man and injured eight others at the Pennsylvania Salt Mfg. Co. Wednesday.

The blast, in a container holding hundreds of pounds of the powder, rocked a building of the big chemicals firm in suburban Wyandotte in mid afternoon. Steel window frames were torn and twisted. Windows of nearby buildings were shattered.

A score of other men were periled as the blast ripped through the 50 by 60-foot building.

Ray Mehling, 30, a worker, died of his injuries six hours after being taken to Wyandotte General Hospital.

Three company executives and two other workers were hospitalized. Three men were given first aid at the scene.

Gustave A. Nelson, a company engineer, said the blast was in a blender-mixer containing about 800 pounds of an experimental powder.

"I can honestly say I don't know what caused the explosion," Nelson said.

The injured company executives were Francis Murphy, Wyandotte superintendent of production for the company; Robert J. Cox, Lincoln Park, a production supervisor; and George Boyce, Wyandotte department superintendent.

The survivors staggered out of the shaken buildings with their faces pock-marked from dust and oil driven through the air by the blast, witnesses said.

Fire Sgt. Alpha Reaume said "the stuff was ingrained into the men's flesh."

Pennsylvania Salt is one of the nation's largest chemical firms. It employs 750 persons.

Gov. Robert Kennon of Louisiana told reporters no such declaration is possible because the states do not have the power to bind each other to a course of action.

Kennon placed himself alongside the governors of Georgia, South Carolina and Mississippi by saying, "Louisiana ... will continue to maintain a good system of dual education." He did not say how this would be done. Govs. Herman Talmadge of Georgia, James F. Byrnes of South Carolina and Hugh White of Mississippi have said they would abolish the public school systems if necessary to keep the races separate.

In addition to the nine states represented by their governors, six other states sent representatives to the conference, called by Virginia Gov. Thomas B. Stanley. Stanley and Gov. William B. Ureid of North Carolina have indicated they would like to see some plan devised to get legally around the court's ruling. Two other governors who accepted invitations—Gordon Persons of Alabama and Charley Johns of Florida—have remained silent on this subject.

New Yorker To Hang For Almost Perfect Murder Of His Wife

BALTIMORE (AP)—George Edward Grammer, pudgy, imperturbable New York office manager, goes to his death on the gallows at Maryland Penitentiary tonight for the "almost perfect" murder of his wife.

Grammer was convicted of bludgeoning his attractive, 33-year-old wife to death in August 1952 and sending her body hurtling downhill in an automobile so that it would appear she died in an accident.

Two county officers, who happened by almost at the instant of the wreck, found a pebble wedged under the accelerator of the auto. And Mrs. Grammer's wounds didn't match the condition of the car.

Nation's Population Increases 2,767,000

WASHINGTON (AP)—The Census Bureau says the nation's population, including armed forces overseas, was about 161,969,000 on May 1. This was an increase of 2,767,000, or 1.7 per cent over the estimate at the beginning of May a year earlier.

ing taken to Wyandotte General Hospital.

Three company executives and two other workers were hospitalized. Three men were given first aid at the scene.

Gustave A. Nelson, a company engineer, said the blast was in a blender-mixer containing about 800 pounds of an experimental powder.

"I can honestly say I don't know what caused the explosion," Nelson said.

The injured company executives were Francis Murphy, Wyandotte superintendent of production for the company; Robert J. Cox, Lincoln Park, a production supervisor; and George Boyce, Wyandotte department superintendent.

The survivors staggered out of the shaken buildings with their faces pock-marked from dust and oil driven through the air by the blast, witnesses said.

Fire Sgt. Alpha Reaume said "the stuff was ingrained into the men's flesh."

Pennsylvania Salt is one of the nation's largest chemical firms. It employs 750 persons.

Gus Scholle Stays As CIO President With \$1,000 Raise

GRAND RAPIDS (AP)—With a pay boost of \$1,000 a year, August (Gus) Scholle stays on as president of the Michigan CIO Council.

Both Scholle, longtime head of the state CIO organization, and Barney Hopkins, veteran secretary-treasurer, were re-elected by better than 3-1 majorities Wednesday night.

The elections, along with approval by a scant margin of a per capita tax increase, capped a

sometimes heated fight over the organization's financial policies, including the officers' pay raises.

The per capita increase—on which the pay boosts hinged—barely succeeded. The vote was announced as 2,576 for and 2,320 against.

The increase, from 4 cents to 5 cents monthly, will bring in an estimated additional \$7,000 a year to headquarters offices.

Of this, \$30,000 is intended for legislative work by the CIO in Michigan, the remainder to pay increases for officers and staff members and other administrative purposes.

Scholle defeated Wally Quillico of Ford Local 600, 3,779 to 1,143. Hopkins won from Dan Ellis of Highland Park Chrysler 3,863 to 1,079.

FRESNO, Calif. (AP)—Rep. Harlan Hagen (D-Calif.) returned Wednesday night to Washington, D. C., assured of renomination and free of a charge of being drunk in an auto.

The drunk charge against the 40-year-old Hanford attorney, who is seeking his second term in the House, was ordered dismissed Wednesday in Fresno Municipal Court on the ground of congressional immunity.

A charge of drunk driving was filed, however, against the lawmaker's executive secretary, George C. Baker, 33.

Hagen issued a statement expressing gratitude to voters for his primary victory and calling dismissal of the charge "a complete vindication of my original protest against arrest."

Hagen and Baker were stopped early Tuesday shortly after driving here from Kern County, where the congressman had made his final campaign speeches.

And there are lesser units still outside. Of the AFL's 111 unions, 65 joined. In the CIO, 29 of 33 signed.

The signers are estimated by their officials to represent more than 10 million workers.

TODAY'S CHUCKLE
"Dad, does bigamy mean that a man has one wife too many?"
"Not necessarily, son. A man can have one wife too many and still not be a bigamist."

President Not Backing Down On Tariff Cuts

By MARVIN L. ARROWSMITH
WASHINGTON (AP)—President Eisenhower said today nothing could be further from the truth than statements that he is backing away from his foreign trade program calling for a reduction of tariffs.

Eisenhower told his news conference the fact he has now asked for a simple one-year extension of the Reciprocal Trade Act—instead of insisting on his original request for a three-year extension with provision for a gradual 15 per cent cut in tariffs—does not mean he is abandoning the program.

Extension Approved
There have been suggestions by Democrats that the administration was giving up on the Eisenhower program without a fight.

The House Ways and Means Committee today unanimously approved the one-year extension of the President's authority to make trade agreements with other nations. The house is likely to act on it Friday and the Senate perhaps next week.

On other matters the President had this to say at his news conference:

Communism—what he personally fears more than anything in the free world's struggle against communism is the possibility of a failure to look the danger squarely in its broad face. Eisenhower said emphatically the United States cannot achieve its aims by military force alone.

He said that in addition to military strength, there must be the psychological, political and intellectual basis for any intervention

(Please Turn To Page 6, Col. 4)

Joe-Must-Go Club Editor Called To Court In Baraboo

BARABOO, Wis. (AP)—A subpoena was issued today requiring Leroy Gore, Sauk City editor, to produce all signed petitions demanding the recall of Sen. McCarthy (R-Wis.).

Justice of the Peace John Terbi- lox issued the subpoena at the request of Dist. Atty. Harlan W. Kelley. It directs Gore, founder of the Joe Must Go Club, to produce the petitions June 16 before the court inquiry into the recall movement.

Kelley said that if Gore does not produce the petitions he will ask that the editor be held in contempt of court. Gore said Monday, in announcing that insufficient signatures for a recall election had been obtained, that the petitions were being taken out of the state, some to Chicago and some to Minneapolis.

"I don't care if the petitions are in Timbuctoo or South America," Kelley said. "Gore has to bring them in. . . . It is my duty to find out what he is hiding."

Gore had expressed a determination to protect the signers and circulators from "pseudolegal harassment." He said he would not produce the petitions.

Air Force Backs Talented Korean Piano Prodigy, 12

FORT WORTH, Tex. (AP)—Tony Han and a couple of friends plan to leave here today on a trip that will end with the young Korean in New York's famed Juilliard School of Music.

Tony, at 12, his friends say, is a child piano prodigy, and the 5th Air Force has put up some \$4,600 to prove it.

One of Tony's friends is Lt. Gen. Samuel E. Anderson, and other—a real Tony fan—is 7st Lt. Thomas Cutshaw, former 5th Air Force interpreter. They arrived here at Carswell Air Force base Wednesday—with Tony.

Cutshaw told Tony's story: Tony and his family lived in North Korea before the war began there. In 1948, the Russians confiscated all the family's furniture, including the piano.

The family moved to Seoul and later, when the fighting started, to Pusan. Tony's father, a musician, taught the boy to play the piano.

Last October, the manager of the 5th Air Force theater in Seoul heard the boy playing the piano. He put him on the program.

Anderson heard the performance and was so impressed that he sent the lad on a tour of Air Force installations.

It was then that members of the 5th Air Force, of which Anderson was the commanding officer, began taking up a collection to send Tony to this country.

Enough persons with musical authority heard the boy that Juilliard granted Tony a scholarship without requiring an audition.

Tony will live with a Korean-American family in New York.

Revision Bill Follows Wishes Of Eisenhower

By JOE HALL
WASHINGTON (AP)—Senate Finance Committee action giving President Eisenhower just about what he asked for in tax changes today dimmed the prospects of victory for a Democratic-planned fight to tack on an income tax cut.

Finishing its work on the 875-page tax revision bill Wednesday night after six weeks of secret deliberations, the group accepted nearly all of the benefits for corporations and individuals sought by the administration. These would amount to about \$1,400,000,000 in tax cuts in the first year.

Floor Fight Planned
Democrats on the committee did not even offer their proposal for a big reduction in personal income taxes by a boost in exemptions. It had become obvious the committee would reject such a move.

The Senate rarely upsets the Finance committee on tax legislation. Nonetheless, the senior Democratic committee member, Fear of Delaware, told newsmen they planned to fight the issue out on the Senate floor.

Other informants said the Democrats might center their floor battle on a new plan providing a \$20 tax cut for each taxpayer on his return, taken as a final step after he had figured his tax.

Sen. George (D-Ga.) actually offered this in committee last week as a substitute for a provision giving substantial relief to stockholders on their dividend income, but lost 10-4.

Big Revenue Loss
The revenue loss from the \$20 plan would be about \$50 million annually under George's estimate; committee staff officials said it might reach \$1,400,000,000 a year.

Either would be much less than the original plan calling for a 4½-billion-dollar income tax cut in 1954 by raising exemptions \$200 and a \$7,800,000,000 reduction from 1955 on through a \$400 exemption hike.

Principal benefits in the House bill retained by the Senate committee, besides the one to aid stockholders, include: accelerated depreciation allowances for corporations and individuals, increased deductions for medical expenses, an increased exemption of retirement income, permission to farmers to deduct soil conservation expenses, an increase in charitable deductions, permission to fathers to keep the \$600 exemption on a child under 19 or going to college even though the dependent earns more than \$600 a year, and permission to single heads of families to use the same income-splitting privilege now granted married couples.

Mexican Reds Fan Anti-U. S. Feeling

CANANEA, Son., Mexico (AP)—Anti-American feeling, reportedly fanned by known Communist leaders of Mexico, burst into an open riot Wednesday in which an estimated 3,000 persons forced the release of eight "land squatters" from jail.

Federal troops were rushed to this city, 45 miles south of the Arizona border in an effort to prevent bloodshed.

Protest Sent To UN By 'Poisoned People' Of Marshall Islands

(Editor's Note:—The March 1 explosion of the hydrogen bomb injured Japanese fishermen and showered radioactive ash upon three atolls charted as safe. The Associated Press sent correspondent William J. Waugh to the Marshall Islands to get the residents' views. His story appearing Wednesday described the life of the "poisoned people." Today's article tells of their appeal to the United Nations. The story was delayed by censorship in the U. S. Defense and State Departments and Atomic Energy Commission.

By WILLIAM J. WAUGH
MAJURO, Marshall Islands (AP)—There was a certain eloquence to the letter. Dwight Heine dropped it in the mailbox here April 22, and sent it winging across the 7,500 miles between these coral islands and the glass and stone headquarters of the United Nations.

The letter was signed by parliamentary representatives of the citizens of the Marshall Islands. It said:

"We feel that we must follow the dictates of our consciences to bring forth this urgent plea to the United Nations. We request that all the experiments with lethal weapons within this area be immediately ceased."

Under Trusteeship
If these experiments are "absolutely necessary for the eventual well-being of all the people of the world," then it urged better precautionary measures and adequate compensation for uprooted citizens.

The Marshall Islands, scene of U. S. atomic experiments, are occupied by the United States under a trusteeship from the United Nations. With a population of 11,000 the islands are a group of low ly-

Pay Raise Averts Telephone Strike For Another Year

DETROIT (AP)—A \$1 to \$2.50 weekly wage increase for 18,400 CIO telephone workers today apparently assured another year's labor peace for Michigan Bell.

Negotiators agreed on the wage boost along with other adjustments Wednesday. Rank and file ratification was regarded as a formality.

The agreement averted a possible strike in the statewide system by the CIO Communication Workers.

Michigan Bell announced it would petition immediately for a rehearing of its rejected proposal for a rate increase for its more than 2,000,000 customers.

Management said the wage settlement "intensifies the company's serious financial problem."

Recently the State Public Service Commission rejected the company's demand for a rate increase.

Under the new wage agreement the top craftsman's pay in Detroit will be \$103.50 a week. Switch-

board girls will be paid a top of \$64.50.

Pay rates in the several classifications of workers vary downward in other cities across the state. However, 50 outstate cities and about 20 job classifications were upgraded.

The 50 upgraded cities: Birmingham, Livonia, Middlebelt, Plymouth, Wayne, Flint, Rochester, Utica, Battle Creek, Clio, Fenton, Flushing, Holly, Kalamazoo, Albion, Algonac, Brighton, Grand Haven, Hillsdale and Holland.

Howell, Lapeer, Marine City, St. Clair, Bad Axe, Belding, Bessemer, Big Rapids, Cadillac, Charlotte, Cheboygan, Clare, Escanaba, Fremont, Greenville, Hastings, Ionia, Iron Mountain and Iron River.

Ironwood, Ishpeming, Manistee, Marquette, Marshall, Reed City, Menominee, Sault Ste. Marie, Three Oaks, Wakefield and Zeeland.

after he was released in bond from jail.

The solicitor said Donnelly's death would have no bearing on prosecution of Durden, now free in bond, but the next step would be to determine the exact part of the mysterious go-between.

Victims Identified
Kelly said this man, still unidentified, came into the case like this:

Reeves related the man approached him in January and asked Reeves if he wanted to handle a job for Durden, who is a former Pensacola resident.

Reeves then was brought in contact with Durden, learned it was a matter of killing and informed Hamp Gandy of Pensacola, a special investigator for the Escambia County sheriff's office.

The solicitor said he wanted to question other Pensacola witnesses before determining whether to charge the mystery man with any offense. He indicated there is some doubt the man realized what kind of a job Durden allegedly wanted done.

The warrants name the intended victims as Mrs. Roach, K. H. Gerlach, 81, of Lake Wales and Mrs. Louise Clark Hawley, about 50, of Orlando.

Donnelly had handled the legal and financial affairs for all three of those named as targets of the killer. Kelly said it is the state's contention that Donnelly expected to profit from their deaths by the opportunity to convert part or all of their estates to his use.

In 1932 Donnelly was charged in Lake Wales with the murder of a law associate, Joe H. Beal, on whose life he held a \$20,000 double indemnity life insurance policy. A grand jury refused to indict him and the insurance company paid the full amount.

By The Associated Press

Hot and muggy weather made it feel like mid-summer in most of the eastern half of the nation again today. In contrast it was cool over northern states from the Dakotas westward.

A tornado struck rural areas near Rockwell City in north central Iowa late Wednesday night, killing a young farmer and destroying his house and farm buildings. William Nicholson, 23, alone on his father's farm, was killed when the twister struck shortly before midnight.

Sheriff George Dahlke said tornado winds struck nearby farm areas but there were no reports of injuries.

The muggy weather extended over the southeast quarter of the country westward through most of the southern and central plains and northward through the Mississippi Valley to encompass most of the Great Lakes region. Temperatures were in the 70s over most of the hot humid belt during the night. They were in the 80s and 90s Wednesday.

Sweden Bans Arms Sales To Guatemala

STOCKHOLM, Sweden (AP)—Sweden disclosed today she has banned arms exports to Communist-tinged Guatemala. An official spokesman said:

"We regard Guatemala as an unrest area and we do not export armaments to such areas."

French Abandon Hanoi Outpost

HANOI, Indochina (AP)—The French high command announced today the abandonment of another outpost in the Red River delta, the village of Haiyen in the Hung-yen sector 30 miles southeast of Hanoi.

The garrison of about 160 men, a command spokesman said, was withdrawn after it had beaten off two attacks by numerically superior Vietminh forces who had infiltrated the delta.

The evacuation was part of a high command campaign to draw in isolated units and concentrate on building up key defenses in anticipation of an eventual offensive by five or more of the Communist-led rebel divisions rimming the delta.

Presumably the village garrison withdrew four miles westward to Hungyen, a timber center of 4,000 near the north bank of the Red River.

Honor Students, Parents, Guests Of Rotary Club

Honor students of Escanaba High School and St. Joseph High School and their parents were guests of the Escanaba Rotary Club at its 1954 recognition luncheon held Wednesday noon at the Delta Hotel.

Dean George Walter, dean of men and chairman of the department of teacher training, Lawrence College, Appleton, was the principal speaker. He was introduced by James Fitzharris, Rotary Club program chairman.

Fr. Colman Higdon, O.F.M., presented the honor students of St. Joseph High School, who in turn introduced their parents.

Rotary Boy and Girl
The Escanaba High School honor students were introduced by Principal Edward E. Edick, and the students in turn presented their parents.

The parents and the students were welcomed and congratulated by Dr. N. L. Lindquist, Rotary Club president.

Miss Catherine Promer and George McFadden, Rotary Girl and Rotary Boy for 1954, who had received the Rotary watch awards, expressed their appreciation to the Rotary Club for the recognition given them.

Dean Walter declared in a preface to his talk that the Rotary Club's honor luncheon for the honor students and their parents "makes sense" in that it recognizes the role parents have in the training of their children.

Service Opportunity
"It is recognition that there is no such thing as a 'self-made man' and that behind each honor student is a long succession of people—parents, teachers and others—who have taught and counseled and worked for them," said Dean Walter.

He urged the students to think seriously of the opportunities for service—but not necessarily of wealth—through careers as teachers.

The speaker told the story of the life of Jim Duncan, sentenced to life imprisonment as a rum runner during prohibition days, to illustrate his theme that unselfish service brings the greatest reward to the individual who serves and to humanity in general.

To God And Man
Duncan, who had been an honor student in high school and college, was the leader in a group of volunteers who became "human guinea pigs" for U. S. Army medical experiments in research to conquer sleeping sickness, sand fly fever, Dengue fever, and transfusion jaundice.

Although desperately ill, Duncan declared that he had found "a warm and personal joy in service to others and to God" through his sacrifices as a subject for medical experiment.

Lawlessness, Duncan found, had resulted from being self-centered; while true joy in life had come from a personal service to humanity, the speaker said.

Dean Walter complimented the Escanaba Rotary Club for its sponsorship of the honor day luncheon recognizing students outstanding in scholarship, leadership and good citizenship, and their parents. Such programs, he declared, exemplify the true functions of a service club.

Obituary

MRS. CATHERINE REISS
Funeral services for Mrs. Catherine Reiss, long time Escanaba resident and a Gold Star Mother, will be held Saturday at 9 a. m. at St. Joseph's Church with Rev. Stephen Schneider, O. F. M., officiating. Burial will be made in Holy Cross Cemetery.

Friends may call at the Allo Funeral Home beginning Friday morning.

At 3:30 p. m. Friday, the Altar Society will recite the rosary, at 4 p. m. Friday, the Daughters of Isabella will recite the rosary and at 8 p. m., a general rosary will be recited.

Undersize Whitefish Brings Fine Of \$100
Clarence Swaer, Garden commercial fishermen, Tuesday pleaded guilty in Justice Henry Ranguette's court at Escanaba to a charge of possessing undersize whitefish taken from pound nets. He paid a fine of \$100 and costs.

Conservation officers arrested Swaer Tuesday. The legal length for whitefish is 17 inches. The \$100 fine is the maximum provided by statute.

Gladstone Lets Bond Contract

The Gladstone City Commission last night accepted the low bid of a syndicate headed by H. D. Sattley Co., Detroit, for the issuance of a revenue bond issue not to exceed \$2,200,000 for construction of a municipal electric plant.

The Sattley Company offered an interest rate of 3.789% for the bond issue which will run for a period of 30 years. The bonds are callable after 10 years.

The offer is subject to a favorable report by Duff and Phelps, Chicago engineering firm, and by Miller, Canfield, Paddock and Stobe, Detroit bond attorneys. The commission instructed the engineering firm of Pfeiffer and Schultz, Minneapolis, the city's engineers, to work with Duff and Phelps to develop the information required by the investors.

Other bids were submitted by Allen and Co., New York, who bid 4%, and T. J. Van Ingen Co., Chicago, who bid 3.999%.

The bids submitted were slightly higher than the low bid of Allyn and Co., Minneapolis, at the first letting. The low bid then was 3.69% but Allyn and Company later requested a rate of 3.95% when technical difficulties developed.

It is anticipated that bids for the construction of the building will be taken in July and that actual construction will begin in August.

Fire Hazard Grows In U. P. Woodlands

Continued sunny weather and strong winds have created "quite dry" conditions in the Escanaba area and the danger of forest fires is increasing.

John Chriske, Escanaba district supervisor for the Conservation Department, today asked public cooperation in care with fire in the woods. There was one small fire west of the Escanaba city limits last night.

Two Traffic Deaths

DETROIT (AP)—Traffic mishaps killed two Detroit area residents today.

Thomas J. Cotter, 42, a Detroit school teacher, was killed when his car swerved off a Dearborn street and hit a tree. Urban Mazur, 68, of Melvindale, was fatally injured when struck by a car while crossing a street.

Public Meeting On Liquor Laws To Be Held Here June 23

A public meeting to be conducted by the Michigan Liquor Control Commission will be held at 8 p. m. June 23 in City Hall to "hear complaints and receive the views of the public in regard to the administration of the liquor law."

Police Chief Jack Finn was informed of the meeting by Charles J. Burke Jr., chairman of the Liquor Control Commission.

The audience will be invited to participate in a question and answer period as a part of the meeting. Chairman Burke announced.

James Birk Will Receive Degree

James Birk will be graduated from Milwaukee School of Engineering at commencement exercises June 24. He is a past president of Delta Alpha fraternity and treasurer of the Inter-Fraternity Council. James is a son of Mr. and Mrs. Frank Birk of St. Petersburg, Fla., former residents of Escanaba. He entered the Milwaukee school following his graduation from Escanaba High School.

Boy Tarzan Rescued

MIDDLEVILLE (AP)—Terry McDonald, 11, who couldn't swim, tried a Tarzan-like leap from a rope dangling from a tree on the bank of the Thornapple River Wednesday. He missed and toppled into the water.

But Frank Poisal, 12, leaped in and kept Terry afloat until Jack Finkbeiner, 16, pulled them both out.

Escanaba Seniors Hold Class Banquet

Escanaba High School seniors and teachers last night attended the senior class banquet at the Bethany Lutheran Church.

George McFadden, class president, was toastmaster. Rev. Gustav Lund, pastor of Bethany, gave the invocation.

Claude Tobin Jr., president of the Board of Education, spoke briefly. He congratulated the seniors on their achievements and expressed his regrets that he would be unable to attend the commencement exercises tonight.

Irma Bangs, veteran teacher who is retiring this year, discussed the class motto, "Green But Growing." She said that in selecting the motto she felt that the class recognized the need for a goal and recognized the necessity of effort to overcome handicaps.

The musical portion of the pro-

Set Hearing In Rate Petition

The Michigan Public Service Commission has announced that at 2 p. m., June 30 in City Hall it will conduct a hearing and order to show cause in application of the Upper Michigan Power & Light Company to increase its rates for the supply of electric energy to the City of Escanaba.

In its order the Commission asked the Power & Light Company and the City of Escanaba to appear and show cause why the Commission should not receive the Power Company's petition, and "determine the matter of just and reasonable rates" to be charged the city by the Power Company.

The question which is the subject of the hearing is whether the Commission has jurisdiction in the matter.

Escanaba is purchasing its electric power wholesale from Upper Michigan Power & Light Company under a contract which does not expire until Aug. 1, 1959.

The Power Company contends that it is losing money under the contract, that the contract may be invalid because it is for a period of time greater than 10 years, and has previously requested the city to consent to an upward revision of the rate.

The City Council has refused to consider the upward rate revision and has maintained that the contract is valid.

Should the Public Service Commission not have jurisdiction, the question of contract validity and rate adjustment would be a matter for court determination.

gram included a piano solo by Lynette Herro, "Clair de Lune," a trumpet solo, "That Old Feeling," by Jon Prais and group singing led by Robert Peterson, Mrs. Hartbarger, music instructor, was accompanist.

The senior dance was held at the high school following the banquet.

Report Shows 821 Children In Wells School District

The Wells Township Board of Education has received a report showing there are 821 children in the school district from 5 to 20 years of age. The census report was presented by Joseph Berube.

The Board also received a report from Wallace Benzie, sanitarian of the Delta County Health Department, concerning water supplies for the Wells Township

schools. Benzie also recommended a toilet room be constructed in the basement of the Soo Hill school for the kindergarten, and Supt. Lawrence Klug was authorized to contact Arntzen architects.

Attendance of school bus drivers to a state-sponsored school for drivers to be held in Escanaba Sept. 15-17 was authorized by the Board.

In other business the Board: Accepted a safety engineer's report from Employers Mutuals Fire Insurance Company; authorized

Big-Car Luxury and Performance at the Lowest Price of all

The closer you compare values the more certainly you'll see that Pontiac is the standout buy on automobile row.

In size and weight alone Pontiac offers you more car per dollar than a like amount ever bought before. And that's important, because that long wheelbase is the reason for comfort, riding ease and roadability unapproached within hundreds of dollars of its modest price.

And along with these big-car features you get remarkable savings. Operating and upkeep economy are, of course, exceptional. First cost is the least for any big, luxury automobile—within a few dollars of the lowest-priced cars. Our trade-in appraisals are notably large and Pontiac's resale value is among the highest in the industry. Come in for the facts about today's most startling value.

Escanaba Has Great Opportunity In Development Of Seaway

THE statement of Thomas L. Lott of the State Waterways Commission that the Escanaba-Manistique area is the best suited in the state for major port expansion as a result of the Great Lakes-St. Lawrence seaway does not come as any surprise to residents of this area. It is, in fact, one of the reasons why the Delta-Schoolcraft area has long supported the seaway, even in the face of strong opposition from the railroads and others who felt the seaway project may injure their businesses.

Actually, the seaway should be a powerful influence for the railroad business development in this area. The flow of freight to and from lake ports can best be handled by the railroads, much in the same way that the railroads now do a substantial business in the movement of iron ore inland to lake ports for water shipment to the steel mills.

Escanaba is cognizant of the part that it can play in port expansion due to the seaway project. The City of Escanaba is now in the process of creating a harbor authority to serve that purpose.

Escanaba is particularly ideally located to take advantage of this development. We have excellent railroad facilities into the community and we possess water frontage that can be converted into docks adequate to handle the volume of freight.

As Mr. Lott indicated in his statements

Words, Wit & Wisdom

By William Morris

An interesting query from a reader in Port Chester, N. Y., leads us into the fascinating and steadily growing jargon of retail merchandising. "Could you," this reader writes, "explain the meaning of the term 'loss leader' which I have heard several times lately?"

Perhaps it's an indication of the abrupt transition from the "seller's" market of the past ten or twelve years to the present "buyer's" market that terms like "loss leader" are being heard again after many years of disuse. For a "loss leader" is an item advertised for sale at a price so low that the store actually loses money on each item sold.

The philosophy behind such a seemingly lunatic way of doing business is that the commotion created by a "leader" priced so ridiculously low will create a flow of customer traffic to the department involved. Inevitably—so the theory runs—customers heading for the loss leader will be diverted en route to the purchase of other "bargains" on which the store will make its normal profit margin.

Perhaps the most extreme example of the use of quality merchandise as a loss leader was seen in New York City in the mid-1930's when two major department stores became engaged in a furious competition to see which could cut price more sharply on the famous MODERN LIBRARY books published by Random House. This series represented excellent value at the then established retail price of 95 cents, but before the price-war battle clouds had vanished, these books were being peddled to culture-hungry New Yorkers at seven cents a copy!

Not only was this retail price far lower than the cost of manufacture, it represented a net loss to the stores of at least 40 cents per copy on every volume sold—and, naturally, many shoppers were stocking up by buying a dozen at a time.

It's hardly likely that scenes like this will ever be witnessed again. In fact, this particular episode was an important factor in the book industry's fight for "fair trade" price maintenance legislation. For, carried to this ridiculous extreme, the loss leader is indeed an invitation to bankruptcy, if not for the big department stores, at least to the small operator who, willy-nilly, has to try to compete.

But don't forget: All leaders aren't "loss" leaders—and the careful shopper will still keep a sharp lookout for bargains.

The Doctor Says . . . Most Sufferers of Sciatica Can Eventually Be Cured

By EDWIN P. JORDAN, M. D. — Written for NEA Service

All too often I receive inquiries from people suffering from sciatica who want to know more about this distressing condition. Some of them have experienced pain for months.

Some of them have numbness and tingling as well as pain. All are eager for information on how it can be cured. I wish that I could tell them.

SCIATICA is a term used to describe pain along the course of the sciatic nerve rather than a single disease. This nerve runs down the back of the leg from the buttocks to the heel. Apparently many different causes can irritate the sciatic nerve and bring pain.

Some doctors claim that most cases of "sciatic neuritis" are caused by a hernia or rupture of the cartilage-like substances which lie between the vertebrae or small bones of the spinal column.

This substance is called the nucleus pulposus. At any rate, there is no doubt that many cases of pain in the sciatic nerve have been relieved by the surgical treatment of this rupture.

PAIN IN THE sciatic nerve also may come from conditions elsewhere in the

at the Governor's conference in Lansing Tuesday, the Upper Peninsula should reap a harvest because shippers of North Dakota wheat, Montana beef and Canadian grains will seek the quickest land route to the waterway. That quickest route points directly at Escanaba. These commodities can be moved to ports throughout the world from Escanaba after the St. Lawrence seaway is a reality and provided, of course, that we are smart enough to take advantage of the opportunity that lies before us.

We Need More Hospital Beds

THE apparent decision of the Sisters of St. Francis to abandon for this year plans to expand St. Francis Hospital in Escanaba is an unfortunate decision for Delta County and outlying area served by the hospital.

Expanded facilities at St. Francis are urgently needed. The demand for hospital space is increasing rapidly. Hospital expansion has developed all over the country but, unfortunately not in the Escanaba area.

The lack of construction action in Escanaba will, of course, provide impetus to the Gladstone hospital project and that is well. The Gladstone people have shown the kind of enthusiasm and loyalty to their hospital project to indicate that they can achieve their objective.

It is true that St. Francis Hospital has been considerably improved in recent years with the installation of modern facilities in many departments but the need for more beds has not been met.

All of us sincerely hope that the hospital authorities will be able to solve the financial problem involved in this construction program and that, in the meantime, the way can be cleared for gaining accreditation of the hospital.

Other Editorial Comments

RUNAWAY HUSBANDS (Green Bay Press-Gazette)

Of the 7,605 families in this state receiving aid because of dependent children, the greatest single cause of the need lies in the delinquency of the father, his refusal to pay support money if divorced, or his callous abandonment where divorce does not exist. Too many of these men are young and have gone on the lam chasing butterflies or other fancies.

The amount paid by the public for dependent children is about as necessary as any item the public pays. The mother, weighed down by the misfortune of having found a mate who reckons his own merriment ahead of the need of furnishing bread for his children is a figure entitled to sympathy.

* Many of these delinquent men have decided they wanted all their income for themselves and that they did not care for the little spasms and troubles incident to rearing children. They may have vamoosed to Fargo or San Francisco or Mobile, anywhere to get away. And of course the trouble with the public is that it is too easygoing about them. They must not be permitted to abandon their children on someone else's doorstep, figuratively or otherwise.

We may have to bring out the cat-o'-nine-tails or the old ducking stool or resurrect some other punishment that does not hurt so much physically as it shames and humiliates, or we should be more insistent upon a trip to Waupun for these fellows because that is the place where their offense says they should be deposited.

It is not only a matter of protecting the taxpayer, important as that is, but of trying to make acceptable citizens out of men who have forgotten their responsibilities in the pursuit of their own flesh demands.

Merry-Go-Round

By DREW PEARSON

WASHINGTON—Human emotions, human prejudices play a part in any Senate hearing. But none more so than in the McCarthy-Army investigation. One reason: Most Republicans on the committee were picked because they were pro-McCarthy. Another reason: the personal backgrounds of the Democratic senators.

Thus while Sen. Stuart Symington of Missouri, a Democrat may be prejudiced in favor of Secretary of the Army Stevens, a Republican, he is no more prejudiced than Senators Dirksen and Mundt, both Republicans, are against Stevens, for reasons that will become obvious if you examine the tangled skein of personalities and backgrounds on the McCarthy committee, as follows:

Senator Symington—It was natural for Secretary of the Army Stevens to appeal to Symington for advice for two reasons: 1, Symington has had bipartisan inclinations and is married to the daughter of the late congressman Jim Wadsworth, a revered Republican; 2, Symington, a former secretary of the Air Force, understands Stevens' problems as secretary of the Army. . . . Symington's father-in-law, Jim Wadsworth, was defeated as senator from New York, but modestly went back to a humdrum job in the House of Representatives, where scores of Republicans had a soft spot for him and his family. Senator Symington, once a Republican backer, paid for a band to welcome Tom Dewey in St. Louis in 1944, also has many high-GOP friends.

Symington's support for Stevens and Eisenhower is chiefly based on his long experience in the executive branch of the government, where he served as head of War Surplus Property, as first secretary of the Air Force, as chairman of the National Security Resources Board, then chairman of the Reconstruction Finance Corporation. He was one of Truman's chief troubleshooters. . . . As Air Force secretary, Symington got embroiled in the same sort of row that the secretary of the Army is embroiled in today. Certain Navy admirals, sore at the growth of air power, started vicious rumors that Symington had a personal, even a pecuniary, interest in building the giant B-36, designed to carry the bomb to Moscow. Symington took off the gloves, appeared before congressional committees, fired back at Navy accusers, came off with flying colors. Secretary Stevens, knowing Symington's own experience with congressional investigators, naturally appealed to him.

Symington is mild-mannered and a slow starter. But he can be a tough fighter and doesn't scare easily. . . . McCarthy tried to scare him by sending word he would insist that the police record of every Senate committee member be put in the committee record—if Don Surine, who has an FBI record, were made to testify. . . . What McCarthy obviously was aiming at was the fact that Symington, when 17 years old, joined two other boys in driving off with a neighbor's car. The three boys were fined \$25 each, and their names are still on the police record in connection with a federal offense, even though Harry Dorsey Watts, who owned the car, wrote Symington: "Your father, one of my closest friends, immediately got together with the parents of the other boys and paid me in full. The incident was only a prank." . . . The incident was used against Symington when he ran for the Senate in Missouri, but he was overwhelmingly elected anyway. Unlike some other senators who scare easily, Symington did not scare when McCarthy made this veiled threat.

Senator McClellan of Arkansas—was not expected to be anti-McCarthy, but got his eyes opened when McCarthy retained as committee counsel J. B. Matthews, who charged that the Protestant clergy was infiltrated by Communists. . . . McClellan immediately heard from Baptist-Methodist Arkansas and led the Democratic bolt from the McCarthy committee. . . . There was no censorship of McCarthy's methods by Republicans at that time.

There is also a tragic chapter in McClellan's life which he doesn't like to think about, when, after the North African landings, he got a letter from his son that he had been quite ill, but the Army doctors didn't think anything was wrong. The boy added that he didn't want his father to do anything, because he felt a senator's son should not play favorites. . . . Simultaneously with the letter came a telegram from the Army that the boy had died of spinal meningitis. So Senator McClellan, who asked no favors from the Army, sees no reason why a private named Schine should be coddled and pampered.

Senators Dirksen and Mundt—both have long been close friends of Joe McCarthy's. Mary Mundt, wife of the senator, is an intimate of the McCarthy clique and sees Joe or Jean several times a week. She is one of the McCarthy's closest friends, and Karl has had to step carefully as between his wife and the anti-McCarthy public which sometimes bombards him with telegrams. Dirksen of Illinois, one of the ablest men in the Senate, has long been friendly with McCarthy, but didn't really get busy pulling Joe's chestnuts out of the fire until he got a signal from the Chicago Tribune's Colonel McCormick. . . . Dirksen has been trying to call the hearings off, also deftly maneuvered against putting the monitored phone conversations in the record. . . . Dirksen and Mundt were eloquent persuaders at the brain-washing session at which the four Republican senators persuaded Secretary Stevens to back down from his no-generalists-to-testify position. . . . Coming from the traditionally isolationist midwest, Dirksen and Mundt belong to the original pro-Taft, anti-Eisenhower wing of the GOP. Secretary Stevens, a New York-New Jerseyite, belongs to the internationalist, eastern wing of the party. Sometimes there is less love between them than with some Democrats.

Into The Past

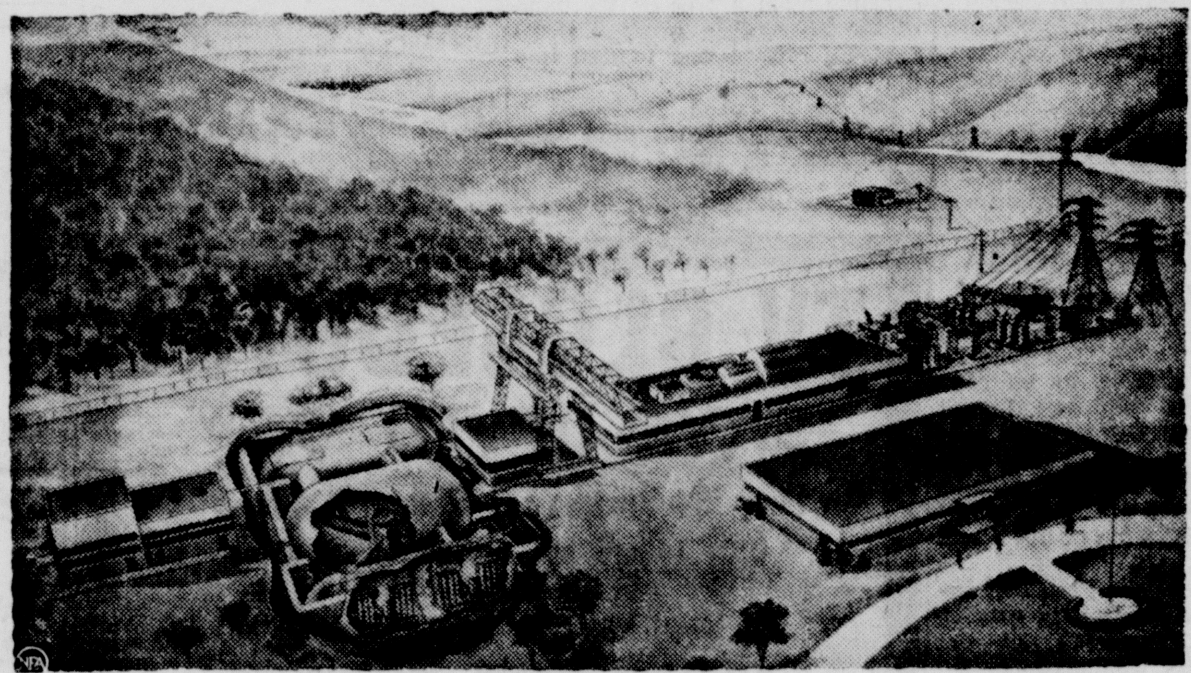

10 YEARS AGO

Escanaba—More than 600 members of the Detroit Board of Commerce arrived in Escanaba aboard the S. S. Greater Detroit of the Cleveland Navigation Company and spent several hilarious hours in the city before the huge liner pulled anchor last evening for Milwaukee on the second leg of a Lake Michigan tour.

Always in the Rough

Big U.S. Firms Seek Stake In Atom Electricity Output

FIRST ATOMIC POWER PLANT, shown here in a preliminary artist's sketch, is to be built at Shippingport, Pa., as a joint project of the U. S. Atomic Energy Commission and Duquesne Light Co.

By DOUGLAS LARSEN
NEA Staff Correspondent

WASHINGTON (NEA)—Hard, cash profits are now in sight from the production of electricity by atomic energy.

The sudden realization of this fact by the big U. S. firms seeking a stake in the revolutionary new power field has started a sprint among them for the fat prizes awaiting those getting in on the ground floor.

The unanimous belief that atomic power for homes and industry has turned the corner from an intriguing theory to a field ripe for exploitation was the keynote of a meeting here of The Atomic Industrial Forum, Inc.

That belief has further backing in the Atomic Energy Commission's report to Congress that atomic development has reached the stage where more public funds should be spent "on constructive peacetime uses of the atom."

The forum is a non-profit organization created to be sort of clearing house for information on atomic power developments. Its membership includes the biggest corporations in America.

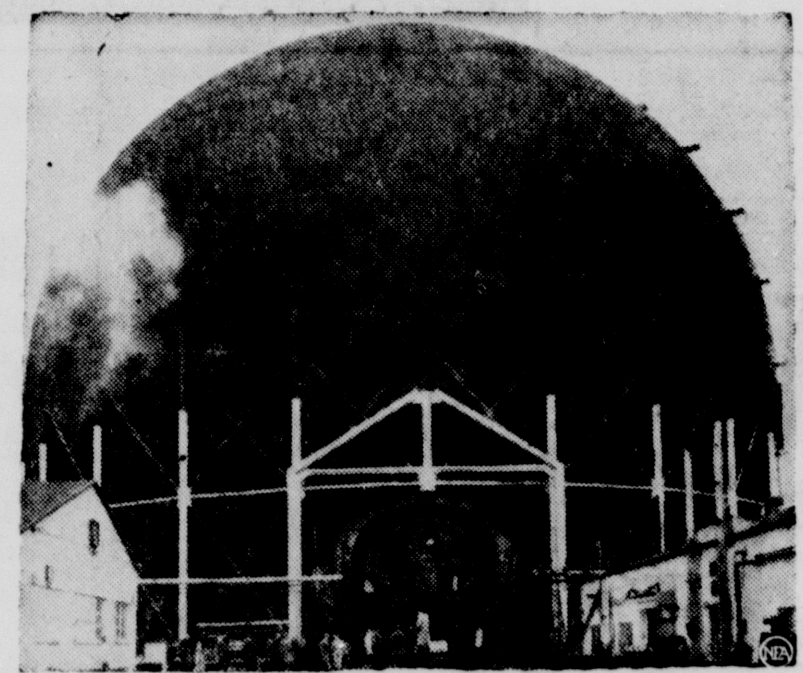

Interviews with representatives from General Electric, Detroit-Edison, Westinghouse, Duquesne Light Co., U. S. Steel and other companies reveal general agreement on the following details of nuclear power plants:

Public fear, plus some slight real danger that an accident could spread radiation pollution in the neighborhood of a plant, will govern their location within an area.

Atomic plants can't be located too far from the customers because the cost of moving the electricity along power lines is very high. So the first private A-plants at least will have to be located outside of large cities, removed from large population areas.

The water needs of an atomic plant are no greater than those of an ordinary power plant, contrary to general belief, so that locating them near a river or large body of water is not a consideration.

As far as physical appearance goes they are likely to be one of three general types. The section of the plant which contains the nuclear reactor will have to be shielded by a giant concrete box. It's possible for this to be above ground, or buried for additional shielding.

GIANT STEEL SPHERE over submarine atomic power reactor at West Milton, N. Y., might also protect private A-power plant.

Atomic Energy Commission and the Duquesne Light Co.

But the first private profit-making A-plants will be located in areas of the country which are remote from sources of cheap coal. This means that New England, or part of the Northwest which don't have cheap hydro-electric power will be the first sections of the country getting privately-owned atomic power plants.

Alton Donnell, of Detroit-Edison, says Southern Michigan is a possible site for an atomic power plant, for this economic reason.

Areas in the nation getting the cheapest electricity from conventional sources will be the last to get atomic plants.

The most dramatic presentation at the forum was made by Francis K. McCune, general manager of GE's Atomic Products Division. He said flatly that his firm had the design and cost figures on two types of reactors which "will generate electricity at competitive costs, possibly within five, certainly within 10, years."

His figures are based on a plant which could serve a city of about 200,000 persons. The cost of the initial nuclear fuel, he estimates, might be as high as \$40,000,000. But the cost of the electricity over the long run could be 6.7 mills per kilowatt hour as compared to 6.9 mills for electricity produced by some coal plants today.

The first central station atomic power plant will be built at Shippingport, Pa., near Pittsburgh, as a joint project of the

Good Evening . . .

By CLINT DUNATHAN

ATOMIC SHOWERS—The United States must either cease hydrogen bomb tests in the South Pacific or take precautions beyond those already taken to assure that no human being is injured.

In this country and in countries around the world the story is being told of the showering of radioactive ash upon 82 natives of an atoll in the Marshall Island group.

The natives, rightly and justifiably, describe themselves "the poisoned people" and appealed to the United Nations to end atomic experiments in the area—or at least to see that the United States observes precautions.

The story, unfortunately true, will make excellent fodder for the Communist propaganda mill. It will be enlarged upon and become more frightening and above all, most damaging to the United States and to its allies in the cause against Communism.

SHIFT OF WIND—The radioactive poisoning of the small group of natives on their little atoll was caused by a shifting wind.

The natives have now recovered from the injuries suffered March 1—but the effect of that shift of wind will no doubt echo from many quarters for months to come.

It may well create a shift in sympathy away from the United States in its program of containing Communism, for there is (at least as yet) no report of Russia testing atomic bombs on soil other than its own.

The international situation is extremely sensitive to any touch by the United States, for America has now become to all intents and purposes the military—if not yet the political—leader of the world.

IN SELF DEFENSE—The American people are fully aware of the necessity for experiments with atomic weapons. Clearly we must defend ourselves against Russia and the Communist countries.

To the citizen of England, of France, Sweden, Finland, China and other countries much nearer Russia than we are, the necessity for self-defense in America appears less than pressing. They are much closer to Russia and few (if any) of them have the security of atomic bombs.

This places the United States in the peculiar position of being defender of free countries around the world. Yet we have shown ourselves reluctant—as in the case of Indochina—to use our men or our atomic weapons to fight Communism when its forces engage in a war against French colonialism.

Apparently our leaders are uncertain when to intervene or are fearful of enlarging the Indochina war into world conflict. The hydrogen bomb, therefore, becomes a weapon so powerful no finger wants to pull the trigger releasing its devastation.

IDEOLOGICAL WARFARE—A weapon of the greatest potency, long-tested, approved, and in use is that of persuasion, in which the mind of man is won to achieve an ideological victory.

Clearly the cause of freedom, the war against totalitarianism, cannot be won by the destruction of humanity. Hope, rather than fear must be the goal.

The injury of a group of little-known South Sea islanders by radioactive materials becomes highly important to our enemies in the field of ideological warfare.

Unlike the spurious charges of "germ warfare" and "American atrocities" this is true. It will place this country on the defensive in explaining away the untruths with which our enemies will embroider the truth.

THE WAY OF PEACE—The United States has told the story and the circumstances surrounding the accident that injured the islanders, including its medical missions to treat the affected people and evacuation of the entire population to safety.

Now there must be one more step taken. We must assure the world that the Rongelap accident will not happen again, there or anywhere else, and then see that it is not repeated.

The way to peace must be fought with full observance of the rules of humanity. The world must know that the atomic and hydrogen bombs will be used only in the most extreme necessity.

In this way only can people place their trust and confidence in the United States as a world leader.

UNCLE EF

The Reverend Passmore says that when a man or woman gets to the place where they feel sorry for themselves, they have narrowed their world down to a pretty insignificant size.

XXVIII

Link leaned far out of his convertible, until his face was almost inside Ricky's coupe on Sharon's side. "Yo, Chub," he yelled.

Chub slid over and leaned out of his car until his face was inches away from Ricky. "Did you call me, Link?"

Ricky tried to ignore the two grinning faces at his windows, talking to each other through his car. It was an old trick. Usually he'd been one of the guys to do it. Now he knew what it was like to be the victim.

"Say," Link yelled, pushing his head in a little more. "I found a girl who ain't doing nothing. She must be alone. You find anything?"

"Nobody here but us chickens." Ricky turned his head slightly, his whisper covered by the loud-speaker in the car. "Lock your door and get ready to roll up the window."

When the doors were locked, Ricky waited his chance, until Chub and Link had their heads stuck way in the car, trying to block the view while they yelled at each other.

"Now," Ricky said.

With his left hand he rolled his window as fast as the could. It wasn't a big window, and in a moment he had Chub caught by the neck. A yell from Link indicated Sharon had caught him.

"Roll down the window!" Link yelled.

"Watch your language in front of me," Sharon said indignantly. "Or I'll roll this window all the way to the top!"

Ricky blew his horn.

"Aw, Ricky, don't be a louse," Chub pleaded.

"I'm not. You know who's been lousing the evening." He blew the horn again and again, until two ushers with flashlights ran up to see what was going on. Ricky and Sharon rolled down their windows, freeing their prisoners.

"These boys were annoying us," Sharon told the ushers.

"Outside, you two," one of the ushers said to Link and Chub. "You'll get your money back."

They climbed into their cars, disgusted and angry, starting them up with a roar calculated to annoy as many people as it could reach.

"Come on, Sherm!" Chub belted.

Sherm's distraught face showed at his window. "I lost my key."

"We can't wait!" Chub yelled. "We're being kicked out! Meet us outside."

The two rods flanking Ricky pulled ahead and roared toward the exit, churning gravel as they tried to spray it against the parked cars along the ramp. Sherm was on his knees in the darkness, trying to feel for his key.

"Sherm!" Ricky called. "I know where your key is. Watch the movie and I'll give it to you later."

"But the guys..."

"Never mind the guys," Ricky said. "From now on you're staying part of this date if I have to take you home in my trunk."

Sherm got up and dusted off his knees. His good-natured face lit up with a wide smile. "I didn't think you cared."

"I care," Ricky said grimly. "I care about the DTA. Now watch the movie," Ricky scowled at the screen.

"Ricky..." Sharon sounded worried. What do you think Link will do when you get home?"

"I can take care of myself and Link too."

When the show was over, Ricky gave Sherm his key. He waited until the impatient drivers had raced out before starting. Sherm followed.

Ricky drove out of town and onto the highway toward home. He drove at 50. It was a safe speed—and he wasn't in any hurry to get home. Sherm stuck right behind him. They'd gone about 10 miles when Ricky growled and looked irritated.

"What's wrong?" Sharon asked.

"Sherm. He's right on my bumper. What's wrong with that guy?"

A moment later Ricky and Sharon were jarred as the car behind them bumped them slightly.

"The crazy fool!" Ricky exclaimed.

"Nerfing me!" Sharon looked back. "Ricky... it isn't Sherm."

"Huh?"

"It's Link."

"He must have been waiting for

us and sneaked in," Ricky muttered. His speed increased slightly. "Don't try to race with him, Ricky."

"I've got to keep ahead of him," Ricky swore as Link bumped him again.

"Ricky, please. Can't you see he's trying to make you mad enough to race? Then he can laugh in your face. He's trying to wreck the DTA."

"I know," Ricky gritted as Link bumped him again. "But what can I do? He won't pass. I have to keep ahead."

"Stop. It's better than risking everything. Your chance to enter the auto show... the DTA..."

"He'll stop with us."

"Let him. We can outwait him."

"I have to get you home. Your folks..."

"They'll understand. The way Link acts, I think he wants us to go fast so he can wreck us."

"Okay, I'll stop."

Ricky signaled with his hand, slowed, and pulled off the road, coming to a stop. Link followed, then Sherm and finally Chub.

"Now what?" Ricky asked Sharon.

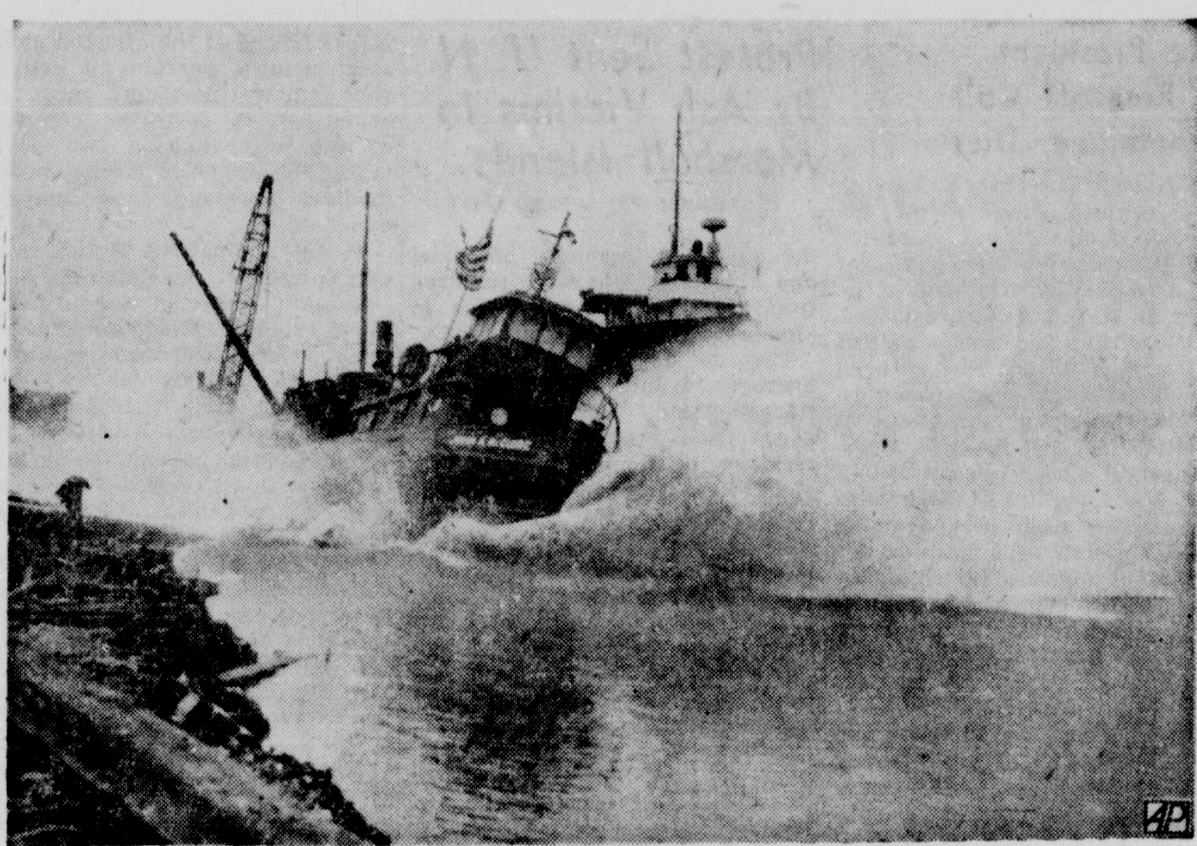

"We don't move until he's gone on ahead."

"He'll think I'm scared."

"What do you care what he thinks? His opinion doesn't mean anything."

"I'm not yellow," Ricky snorted.

Goering's Pet Dog Dies In California; Will Scatter Ashes

ALTADENA, Calif. (U.P.) — The ashes of the one time favorite dog of Reichsmarshal Hermann Goering are to be scattered in the hills beyond Altadena.

The dog, Baron Von Zeiglerhoff, a giant German Shepherd, died Saturday. He was 10 years old. The dog had been trained as a guard and was sent to the notorious Belsen prison camp, but because of his benign nature he wasn't successful as a guard and wound up in a pound, where he was found by a young lieutenant,

Robert Ward. Although offered large sums for the dog, Ward turned him over to Mrs. Yvonne Kenward, who owns an estate known as land of enchantment in Altadena. Identification of the dog as Goering's former pet was established through tags found around his neck in the pound, Ward said.

Delayed Commissions In Navy Investigated

WASHINGTON (U.P.)—The Senate is going to look into a Navy action withholding commissions, pending a security check, from three June graduates of the U. S. Naval Academy.

Chairman Ferguson (R-Mich) said the Senate Republican Policy Committee ordered the inquiry Tuesday because it could not understand why the Navy had educated the three men for four years "at very great expense" without completing such a check.

About one-fourth of U. S. women are working or looking for work.

Teacher Is Accused Of Passing Pupils Who Stole Autos For Him

NEW YORK (U.P.)—A high school teacher appeared in the police lineup charged with attempting to have some of his pupils steal automobiles in return for passing grades.

The teacher, Jerome Binder, 29, denied the charge. He was arrested at his home early today. The specific charge was impairing the morals of minors and conspiracy. The lineup report said Binder was accused of "attempting to have some pupils in a school where he teaches steal automobiles, for which he promised them passing grades."

Binder has been teaching English at the Manhattan High School of Aviation Trades.

The climate and the average rainfall of the south make it one of the nation's best pasture and grassland farming areas

Gov. Williams Stole Republican Program, Owen Cleary Claims

BERKLEY (P) — Secretary of State Owen J. Cleary said Gov. Williams "stole a Republican program, twisted it to his purposes and now has convinced himself that he thought of it all the time."

Cleary, a candidate for the Republican nomination as governor, spoke at a meeting of the South Oakland County Republicans for Cleary for Governor.

He said that Williams' last-minute endorsement of a proposal for a 500 million dollar bond issue to build highways could be expected to be followed by his "claiming credit for the four-minute mile and Marilyn Monroe."

Williams' proposal for a highway council to spend the money was hooted at by Cleary.

"Can't you visualize his buddies

Seney

Briefs

SENEY—John Boggs and Walt Niemi spent the weekend on a fishing trip in Canada.

Mrs. Steve Surrill has returned from St. Louis, Mo., where her husband has been stationed at an Army camp. He is being shipped overseas in the near future. She was accompanied on the return trip by her mother, Mrs. Sid McArthur, who had been visiting relatives at Otter Lake.

Mrs. Guy Boonenberg of Chicago visited here over the weekend at the home of her mother-in-law, Mrs. Clara Boonenberg. She is employed in Chicago.

Mr. and Mrs. George Fawcett and Mr. and Mrs. Arnold Hyonen visited at Marinette over the weekend.

Mr. and Mrs. John Erickson and Mr. and Mrs. Alfred Erickson have moved their house trailers to Alpena where they will be employed on another Dennison road job.

Mrs. Kenny McDonald and daughter, Paula, arrived here Saturday to visit her parents, Mr. and Mrs. Norman Nelson, and attend her brother, Norman's graduation.

Mr. and Mrs. George Flately and Mr. and Mrs. Dick Flately of Marquette visited Sunday at the home of George's parents, Mr. and Mrs. Jack Mitchell.

Mr. and Mrs. Paul Litzner of Moran have moved their house trailer to Seney.

Mrs. Jonas Sjogren and Mrs. Edwin Olsen of Isabella visited here recently with Mrs. Sjogren's daughter, Mrs. John Erickson.

Mr. and Mrs. George Gray Jr., of St. Ignace were Seney callers Monday.

Mr. and Mrs. Lowell Maxson of Escanaba spent the weekend here.

Rev. and Mrs. Victor Miller and family and Miss Anne Marie Hollingshead returned Saturday from visiting relatives at Kokomo, Ind.

Jimmy Cornell is visiting this week at Newberry with his aunt and uncle, Mr. and Mrs. Dave Taylor.

Mr. and Mrs. Roy Olsen and Mr. and Mrs. Douglas Olsen called at the Clyde Hutt home Friday while enroute from Calumet to Detroit. Mrs. Roy Olsen is a sister of Mrs. Hutt.

Mrs. George Brumbaugh of Ludington visited here recently at the Tovey home.

Mr. and Mrs. J. J. Riordan motored to Marquette Sunday.

John Boggs returned Wednesday to Racine, Wis., after spending a few days here fishing. He was accompanied back by Sally Niemi, who will visit relatives there for two weeks.

Mr. and Mrs. Jack Mitchell, Mrs. Pearl Smith and Mrs. Charlotte Pawley were Manistique visitors.

Seney students graduating with the 1934 class at Newberry are Norman Nelson, Mike Sadler and Henry Ketola. Norman Nelson received a scholarship award to the Northern Michigan College of Education, Marquette.

Stupid Intelligence The Biggest Problem

BOSTON (P)—Signs of brains—being stupid about following directions.

That is the conclusion of George W. Flood who for 20 years has been answering a barrage of traveler questions at an information booth in Boston's subway.

"The worst people to handle are the intelligent ones," said Flood. "They don't pay any attention."

in the CIO high echelon with 500 million dollars of your money to spend?" Cleary asked.

Cleary repeated earlier proposals that the completion of a legislative survey of highway needs be awaited before the bond issue is acted on. He said a study of where toll roads are needed should also be completed as opposed to freeways.

Nahma

Briefs

NAHMA—Mr. and Mrs. Bert Retona and daughter, Patsy, of Grand Rapids, Minn., visited with Mr. and Mrs. Harry DeRosier during the weekend enroute to New York.

Mrs. Francis Douville and daughter, Ann Louise, have returned to Houghton after a visit with her mother, Mrs. John Schwartz Sr.

Mr. and Mrs. Homer Beauchamp are visiting relatives at Detroit.

Mrs. Ella Wimmer of Los Angeles is visiting with Mr. and Mrs. Fred Olmsted.

Mary Beth Sargent visited with Mrs. Marie Guertin at Garden this week.

Radar Designed For Weather

RANTOUL, Ill. (P)—A radar designed especially for weather observations is being installed at Chanute Air Base. It will permit students and forecasters to scan clouds within a 250-mile radius of the base.

Similar equipment is to be installed throughout the United States, Brig. Gen. Thomas S. Moorman Jr., chief of the Air Force's Air Weather Service, says.

MICHIGAN AUTHOR — Lewis C. Reimann of Ann Arbor, author of "Incredible Seney" and other books about the Upper Peninsula, will address Michigan newspaper publishers and their guests at the Michigan Press Association Summer Meeting June 25-27 at Blaney Park. Mr. Reimann wrote "Between the Iron and the Pine" in 1951; "When Pine was King" in 1952 and is now writing "Hutley Was No Angel" for Fall release.

Hollywood Child Enjoys Cocktails

NORTH HOLLYWOOD, Calif. (P)—Carol Koplin, 4, sometimes gets a colored fruit drink as a reward for good behavior, with the understanding that it's a cocktail to be enjoyed with Mom and Dad.

When she appeared on her parents' television show to sing a song, she told her if she sang well she'd get a cocktail right after the program.

Carol sang well and as Dad told the audience that Hollywood youngsters were really no different than any others Carol yelled for all to hear, "Daddy, I want my cocktail."

Mr. and Mrs. Stanley McInnis and family attended the wedding of a nephew at Hermansville Saturday.

Mr. and Mrs. Joe LaFleur and Mr. and Mrs. George Pilon returned home Sunday evening after a weekend trip through the Copper Country.

Lawrence Richer, who is employed at Holland, Mich., spent the weekend with his family.

Dick Tousignant left Sunday for Chicago to seek employment.

Mrs. Howard Hubka and children of Chicago are visiting at the Victor Auger home.

Mr. and Mrs. Clifford Seymour of Kenosha and George Marcouiller and children of Escanaba visited at the Henry Seymour home Thursday.

A 3/c Robert Leclaire, who is attending school at Greenville, Miss., is spending a seven day leave at the home of his parents.

Mr. and Mrs. Napoleon LaValle and daughter, Joann, and son, Henry, Miss Jean Martin, Miss Catherine Farrell and Miss Dolores Dumbrowski, Ralph Milenski and Wallie Klassell of Chicago; Mr. and Mrs. Albert Beauchamp of Perkins; Walter Martin and children and Mr. and Mrs. Richard Glover of Milwaukee, and Mr. and Mrs. Arthur Pilon and children, Marian, Marvin and Sheila, and Ronald Grimm of Antigo, Wis., have returned to their homes after spending the weekend here visiting relatives and also attending the Vincent-Martin wedding.

Altona Greenwood and sons, Jimmy and Rodney, left Monday for a week's visit at Milwaukee and Chicago.

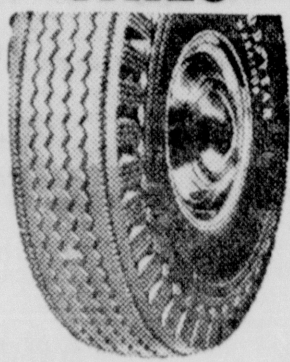

Purchase Of Radio
Delayed By Thief

NEW HAVEN, Conn. (AP)—Bridge tenders on a New Haven drawbridge had to put off buying a radio for their shed. For more than a year, each contributed 10 cents a week to the radio fund. They had built the fund up to \$33.50—just about enough for a radio—when a thief broke into the shed and stole the money.

Rising Business Trend Expected This Fall By Economic Adviser

WASHINGTON (AP) — President Eisenhower's chief economic adviser says the nation's economy is poised for an early upturn, spurred by new developments in defense and business expansion spending.

Dr. Arthur F. Burns, chairman of the President's Council of Economic Advisers, told a news conference Tuesday that if unemployment follows its usual seasonal pattern, there would be about four

million jobless by July. That would be nearly 700,000 more than the government has reported as out of work last month.

But, Burns said he expects a rising trend of business activity to whittle unemployment sharply in the fall.

"There is evidence that the decline has leveled off," Burns said.

Education Fund Bills May Touch Off Bitter 'General Aid' Debate

(By Congressional Quarterly)
WASHINGTON — (CQ) — New rounds in the hoary fight over federal aid for education are coming. The House has scheduled for up in Congress.

Several proposals are pending in the Senate that would raise the totals of federal aid to schools, either by supplying general aid, which the states could use for teachers' salaries, textbooks, and other expenses, or through school construction funds for areas overburdened as a result of increased federal activity.

School-aid measures also have been introduced in the House. Twice, in 1948 and 1949, general education-aid bills were passed by the Senate but died in the House because of committee deadlocks over whether church schools should be included.

The 1954 debate will be conducted against a background of increasing urgency. A recently released survey by the National Education Association, "Educational Differences Among the States," shows present and prospective needs for an increase in the nation's educational effort. For example, only 82.7 per cent of

school-age children were attending school in 1950-51. The range was from 86.1 per cent in California to 75.6 per cent in Kentucky. The average American over 25 has had only 9.3 years of schooling. The range was from 12 years in Utah to 7.6 in Louisiana and South Carolina. Eleven per cent of Americans over 25 have had less than five years of schooling. About 16.5 per cent of persons tested failed the Armed Forces Qualification Test in 1950-51.

The average U. S. classroom teacher was paid \$3,605 a year in 1953-54. The range was from \$4,800 in California to \$1,741 in Mississippi.

"Bad, But Will Grow Worse" Sen. Lister Hill (D. Ala.) said in 1953 that the shortage of classroom space was equivalent to a one-story building 52 feet wide, reaching from New York to San Francisco. This April, he noted: "It would be bad enough if this were just a temporary situation, but . . . (it) will grow much worse year by year and grade by grade, for at least the next six years for more babies were born last year than ever before . . .

four million. . . These . . . will be ready for school in 1959 when if present trends continue, there will be even fewer qualified teachers, by tens of thousands."

Hill and others were unsuccessful in 1953 in efforts to attach to the Tidelands bill an amendment to provide funds for education. Later they did succeed in adding the provision to the outer shelf bill in the Senate, but it did not survive the conference with the House.

Some of this year's education-aid bills bear impressive lists of sponsors. The Education Subcommittee, considered three bills for construction aid. Its Chairman, John Sherman Cooper (R. Ky.) sponsors one of them. Sen. John L. McClellan (D. Ark.) and 24 others are listed as sponsors of the second construction bill, while Earle C. Clements (D. Ky.) is sponsor of the third.

Hill's general education-aid bill is co-sponsored by 33 others. A resolution by Sen. Paul H. Douglas (D. Ill.) has 13 other sponsors. It would reserve revenues from the Outer Continental Shelf for aid to schools.

Congress sent \$5,770,000 to Michigan in fiscal 1952 (the 12-month period which ended June 30, 1953) for school survey and construction projects. This aid was part of the program under which Congress has tried, since 1950, to help areas straining under the burden of swollen population—and crowded schools—resulting from such expanded federal activities as defense production. A total of \$118,308,000 was distributed among the states, territories, and District of Columbia for school surveys and construction in fiscal 1953.

In fiscal 1952, Michigan received \$3,905,000 of the total \$44,901,000.

Under the same program, Michigan's share of \$65,995,000 in fiscal 1953 aid for school maintenance and operation was \$887,000. In fiscal 1952, Michigan received \$1,437,000 of the national total of \$35,941,000 for maintenance and operational aid. Another federal school-aid program sends the states cash and commodities for school-lunch programs. Michigan's share in fiscal 1953 was \$1,899,000; for fiscal 1954, is \$2,282,000.

Under the McClellan bill the federal government would give Michigan \$3,402,000 of each \$95 million of funds made available. To get this sum, however, it would have to put up \$6,760,000 in matching funds.

FARM ATMOSPHERE FOR CHURCH—A tractor, pump on the well, and farm buildings, lend atmosphere to a special meeting of the Akron, Mich. Methodist church as the congregation held services in a farm tool shed. The idea was to

demonstrate what would happen to Christians if they were denied the use of their church building in a Communist dominated state. (AP Photo)

State Adopts Hoppy

LANSING (AP)—Hopalong Cassidy is now a citizen of Michigan. Gov. Williams sent a certificate

of honorary citizenship to William Lawrence Boyd, which is "Hoppy's" real name. "Hoppy" visited the VFW "National Home at Eaton Rapids.

The governor issued the certificate in connection with his visit. In Britain an automobile headlight is called a headlamp.

Hyde

Briefs
HYDE — Mr. and Mrs. Louise Johnson and son, Robert, and daughter, Eileen, Mr. and Mrs. John Zawada, Mr. and Mrs. James L. Johnson and daughter, Pamela, attended a family get-together at the home of Mr. and Mrs. Philip Bariebeau at Escanaba Saturday evening.

Mr. and Mrs. Leo Whitlow of Stiffen, Ohio, visited at the home of Mr. and Mrs. Louis Johnson Monday evening.

John Zawada and Walter Johnson participated in the auto races at Marquette Sunday.

Mrs. Wayne Schmitt is a medical patient at St. Francis Hospital.

Mrs. Leo Zawada returned home from St. Francis Hospital.

Speaker Sends Flowers Instead

NORFOLK, Va. (AP)—Just before the Exchange Club's weekly meeting began the scheduled speaker notified program chairman Taylor Hubbard he couldn't appear.

The luncheon was half over when a large floral arrangement arrived with a note attached: "When words fail, send flowers." Hubbard is a florist.

**Wisconsin Widow, 29,
Loses Her Fight To
Adopt Foster Son, 3**

MADISON, Wis. (AP)—Mrs. Dorothy Tschudy, 29-year-old Albany, Wis., widow, lost her fight Tuesday to adopt her former foster son, Jeffrey.

The Wisconsin Supreme Court said she could not adopt the 3-year-old youngster she was forced to surrender to the State Department of Public Welfare Nov. 20, 1953.

The court held:

"There is no principle in law or equity by which the Tschudy's secured vested rights to the custody of the child.

"They obtained none by contract, express or implied."

The Supreme Court's reversal was of the judgment by County Judge Elton Morrison who had ruled that Mrs. Tschudy was entitled to have the child, after the husband had died.

**Fort Wayne Accident
Victim Revived By
Massaging Of Heart**

FORT WAYNE, Ind. (AP)—A 42-year-old man believed killed in a traffic accident in Fort Wayne was revived in Parkview Memorial Hospital by doctors who massaged his heart.

Harold Koogle, transferred from Mendon, Mich., to Fort Wayne by the Ohio Oil Co. last Saturday, was involved in a two-car collision at a street intersection while house hunting with his wife.

Police and ambulance attendants could detect no pulse, blood pressure or heart beat and believed Koogle dead. He was taken to the hospital and a stethoscope disclosed a faint heart flutter.

Doctors quickly cut open Koogle's chest and massaged the heart, which began beating normally again within an hour. His condition was listed as critical.

**Loaner Sleeps
While Robbed**

ST. LOUIS (AP)—Adolph H. Bohm, snoozing in a rear room at his loan company, was awakened by a vigorous pounding on the door.

Sleepily, he admitted police who arrested a man found hiding in the basement. The police told Bohm that while he was sleeping a front window had been smashed, the firm's burglar alarm had sounded, and the handle on the company safe had been pounded off with a hammer and iron bar.

**San Francisco Votes
To Keep Cable Cars**

SAN FRANCISCO (AP)—San Francisco's colorful cable cars are assured of a place in the city's future as well as its past.

San Francisco voted \$4,092 to 74,277 in Tuesday's primary election to keep the controversial little cars in a slightly curtailed but permanent network.

Because the cars have been operated at a loss . . . fare 15 cents . . . to the city for several years, many citizens had campaigned to scrap them.

**Five Empty Seats
Subject Of Safety**

VILLISCA, Iowa (AP)—When five high school boys were injured in an auto accident during the noon hour, Sheriff Chet McCune used the mishap as an object lesson in safety for the other students.

While the five boys—none injured seriously—were being treated at a doctor's office, school authorities called a special assembly. Sheriff McCune and Highway Patrolman Dale Bliesie spoke on safety—using as their theme the five empty seats the boys would have occupied in the assembly room.

**IN THE HOME
WORKSHOP**
with BOTH WITHE SPEARS

MAKE A POST LANTERN OF SHEET METAL
PATTERN 343

While no special skill is needed to make this handsome post lantern you will need a pair of tin snips and a soldering iron, as well as some household tools, including a pair of pliers. The "do-it-yourself" craftsman will find that he has saved a tidy sum when the cost is compared to that of a ready-made lantern. The practical experience gained in making the first one may lead to others as working with metal is an interesting avocation for the handyman. The price of this pattern is 25c. The Homestead Improvement Packet which includes the lantern pattern, and four other outside improvements will be postpaid for \$1.

Attorney Fees Too High On Mackinac Bridge Bond Issue

LANSING (AP)—Atty. Gen. Frank G. Millard advised the Mackinac Bridge Authority to cut \$24,950 off attorneys' fees on its 100 million dollar bridge bond issue, but the Authority said it had already paid the full bill.

Millard told the authority that the fees of \$174,650 were excessive. The bills were submitted by Miller, Canfield, Paddock & Stone of Detroit and Mitchell & Pershing of New York for legal work in approving the bond issue before its sale. The New York firm asked \$87,882 and the Detroit firm \$88,926.

Millard said a "reasonable" fee would be \$149,700.

"Some time in the middle of April, Mr. Rubin (Lawrence A. Rubin), secretary of the Mackinac Bridge Authority, called at my office and I conveyed to him my opinion as to the proper fee. Although nearly two months have now elapsed, I have heard nothing from Mr. Rubin or the Authority," Millard wrote. "I am therefore informing the Authority in writing so that they may know of my position in the matter and act accordingly."

Rubin said the full bill was paid "about a month ago, after we waited a respectable length of time for a reply from the attorney general."

Millard has general supervision over all attorneys employed by the state.

Garden

Briefs

GARDEN—Mr. and Mrs. Leo Minor of Detroit returned to their home after attending the funeral of Mrs. Minor's grandmother, Mrs. Henry Deloria.

Mr. and Mrs. Ray Hivola and children have returned to Garden after spending a week in the Copper Country. Mrs. Hivola's brother, Paul, and sister, Sharon Etelamaki, returned with them.

Mrs. Alfred LaVallee, Mrs. Roland Boudreau and Paul Gauthier have returned from Adrian, Mich., where they attended the graduation exercises of Anne LaVallee from St. Joseph's Academy. Anne returned to Garden with them.

Mrs. Antoine Deloria and daughters, Jeanette and Charlene, and son, Calvin, of Nahma and William Ohman of Escanaba attended Mrs. Henry Deloria's funeral.

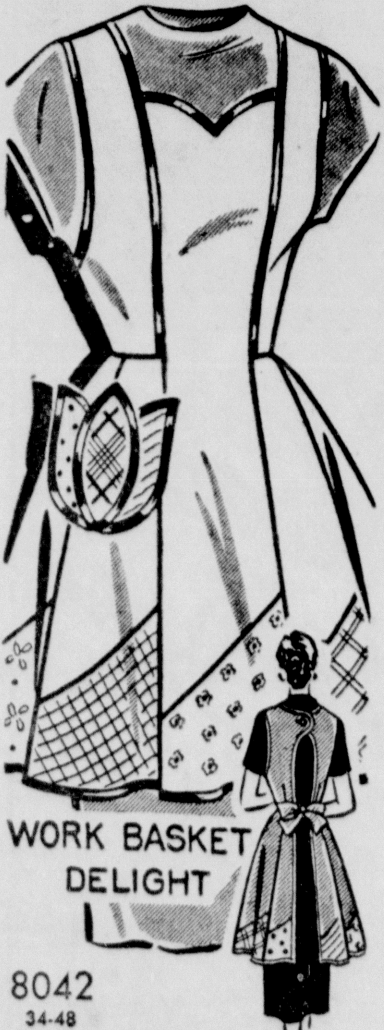

Genie Bernier spent several days in Gladstone at the home of her aunt and uncle, Mr. and Mrs. Ed Thompson.

Mental Patient 'Seeing Things'

LONG BEACH, Calif. (AP)—One patient of a young psychiatrist at the veterans hospital was always telling him about the "banana lady" who came to see him every day just before the doctor came in. The psychiatrist considered this a symptom of mental trouble and entered it on his report.

Then he saw a cart laden with bananas passing his desk. When he asked the nurse what it was, she explained that a civic group periodically distributes bananas to the patients.

"Oh, my gosh. Now, I'll have to do my whole case history over again," the doctor said.

Marilyn Miron, Joseph Pinar Exchange Vows

Bouquets of snapdragons, bridal wreath, mums and lilies of the valley adorned the altar of Holy Family Church at Flat Rock May 29 for the marriage of Miss Marilyn Jean Miron, Cornell Rte. 1, to Joseph Walter Pinar, Gladstone Rte. 1. Rev. Gerard LaMothe officiated at the 9 a. m. double ring nuptial service, and the Holy Family choir sang the traditional wedding music, including "On This Day Oh Beautiful Mother" as the bride placed her bouquet at the foot of the altar of the Blessed Virgin Mary.

Miss Miron is the daughter of Mr. and Mrs. Patrick Miron, Cornell Rte. 1, and the bridegroom's parents are Mr. and Mrs. Walter Pinar, Gladstone Rte. 1. The bride, who was given in marriage by her father, wore a ballerina length gown of white lace over satin with a white lace jacket fashioned with a peter pan collar and long tapered sleeves. Her fingertip veil of illusion net was caught by a heart shaped crown covered with pearls. She carried a bouquet of white carnations centered with an orchid.

Sister of the bride, Miss Sharon Miron, acted as the maid of honor and the bridesmaids were Misses Jean Smokovich and Leona Gonsowski, friends of the bride. The bridal attendants were attired in identical ballerina length gowns of lavender, Nile green and deep rose, and completing their ensembles were Sweetheart caps of matching colors. They carried colonial bouquets of snapdragons and mums.

Flower Girl In Pink

Miss Barbara Jean Stenac, niece of the bridegroom, was the flower girl. She wore a ballerina length gown of pink organza and a floral wreath headpiece. She carried a miniature colonial bouquet of spring flowers.

Best man for Mr. Pinar was John Kroll, nephew of the bridegroom. Ushering the guests to their seats were Roger Miron, the bride's brother, and Michael Eugene, brother-in-law of the bridegroom. Little Michael Eugene, nephew of the bridegroom, served as the ring bearer.

Mrs. Miron attended her daughter's wedding attired in a lilac dress of nylon with white accessories, while the bridegroom's mother wore a blue silk dress. Both mothers wore corsages of yellow roses.

Immediately following the wedding ceremony, a breakfast for 40 guests was served in the basement of Holy Family Church. A reception from 5 p. m. to 8 p. m. was held at the Flat Rock Hall for 400 guests. Serving the cake were Shirley King and Barbara King.

Honeymoon Trip

Upon leaving for their honeymoon through Wisconsin and various parts of the Upper Peninsula, the new Mrs. Pinar wore a blue dress with white accessories and an orchid corsage. Both the bride and bridegroom are Escanaba High School graduates. They are making their home at Gladstone Rte. 1.

Out-of-town guests at the wedding were Mr. and Mrs. Donald Skonieczny, Mr. and Mrs. Chris Staat, Mr. and Mrs. Charles Wheatley, Donald Tourangeau, all of Milwaukee, Nick Smithovich, Ishpeming, and Mr. and Mrs. James Gibbs, Marquette.

Church Events

Bethany Bible School
Vacation Bible School will begin Friday at 9:30 a. m. at both Bethany Lutheran Church and Bethany Chapel. The 7th and 8th graders will begin class at 8 a. m.

Chapel children from the Beginners Department through grades 3 will meet at the chapel. Those enrolled in grades 4, 5 and 6 will attend classes at the church. Rides will be provided when necessary.

Bethel School Closing

The closing service of the Vacation Church School of Bethel Lutheran Church in Stonington will be held Friday at 8 p. m. at the church. Refreshments will be served after the service.

Isabella

Mr. and Mrs. Lloyd Papineau have returned from Petoskey where they received a medical check-up at the Clinic.

Miss Loveland To Receive Master's Degree At Denver

Miss Anna Mae Loveland, daughter of Mr. and Mrs. Bradford B. Loveland, 515 2nd Ave. S., will receive her Master of Social Work degree from the University of Denver School of Social Work at commencement exercises Friday evening, June 11.

Miss Loveland attended Lawrence College at Appleton, Wis., two years and received her bachelor of arts degree from Northern Michigan College of Education at Marquette. Prior to going to Denver she was employed at Peoria State Hospital in Peoria, Ill., two years.

This year she received an Illinois Mental Health Act stipend and specialized in psychiatric social work. She did practical field work in the psychiatric ward and in the Mental Health Clinic at Denver General Hospital.

She has accepted a position as psychiatric social worker at the Mental Health Centers in Chicago beginning July 1.

Bridal Shower At Rock School For Miss Laurel Manntie

ROCK—The Rock High School gym was the setting for a bridal shower in honor of Miss Laurel Manntie Tuesday evening, June 8.

For entertainment during the evening, smear, bridge, pinocle and other games were played with prizes awarded to the winners. The award of the evening went to Mrs. Stephen Rabideau.

After a lunch which was served buffet style from the school kitchen, Miss Manntie opened the beautiful gifts presented her by the friends and neighbors attending and others who were not able to be present. She was assisted by Mrs. Art Dodge, Escanaba and Mrs. Emil Seppala.

Hostesses at the party were Mrs. Martin Falck, Mrs. Emil Seppala, Mrs. Herman Johnson, Mrs. Charles Carlson, Mrs. Ed Walimaa, Mrs. Eino Salmi, Rock, and Mrs. Dodge.

Out of town guests included Mrs. Norman Carlson and Mrs. Bud Carlson, Gladstone, Mrs. Olga Staples, Negaunee, Mrs. Hank Gustafson, Perkins and Mrs. Ted Black, Osier.

Miss Manntie will become the bride of Dick Evinger of East Lansing at a ceremony June 26 in the Finnish Lutheran Church at Rock.

If you are planning to do much canning or freezing this summer, equip your kitchen with a one-pint and a one-quart measure. You'll find these measures will save you time.

ENGAGED—Mr. and Mrs. William Hytinen of Trenary announce the engagement of their daughter Elaine Johanna to Reino R. Lintula, son of Mrs. Lempi Lintula of Chatham. No wedding date has been set.

Personals

Viola Turpinen Syrjala of West Palm Beach, Fla., is spending a few days in Escanaba visiting friends.

Mr. and Mrs. James VanEffen, 117 N. 19th St., left today for Marinette where they will visit over the weekend.

Miss Jane Harrison arrived at the home of her parents, Mr. and Mrs. C. L. Harrison, 912 S. 16th St., Tuesday from Western Michigan College at Kalamazoo. She left today for the Black Hills of South Dakota where she will work at Mt. Rushmore during the summer months. Jane was accompanied by her mother, who will visit with relatives, and her brother, Dick, who will work for the summer at an uncle's ranch in Wyoming.

Emil Risovich and Joe Sabat returned today to Milwaukee after spending several days fishing in the vicinity of Escanaba. They stayed at Rapid River. Two other fishermen, Mr. and Mrs. Tom Fisher, left today for Gogebic County before returning to Milwaukee.

Mr. and Mrs. Ted Baldwin, 1410 5th Ave. S., will leave Friday morning for Ann Arbor where they will attend the University of Michigan commencement exercises in which their son, Frederick Jon, will receive a Bachelor of Arts degree in business administration. The exercises will be held Saturday.

Paul Gunderman, son of Mr. and Mrs. Ken Gunderman, 1011 8th Ave. S., is spending the summer months at the home of his parents after completing his sophomore year at Western Michigan College of Education, Kalamazoo.

Mr. and Mrs. A. V. Aronson late yesterday were called to Houghton following the death of Mrs. Carl (Margaret) Nelson, who was a sister-in-law of Mrs. Aronson and a cousin of Mr. Aronson.

Girls Scouts Of Troop 35 Are Awarded Badges

Girl Scouts of Troop 35 received scouting awards at a meeting held Wednesday afternoon at the home of the Troop leader, Mrs. Francis C. Boyce.

Judy Ann Boyce, Veronica Grenholm, Kathy Murphy, Janice Olsen, Jackie Peterson, and Sally Rockman received good grooming badges, Judy Ann and Kathy received games badges and Kathy also received the housekeeper's badge.

Two members of the troop, Sally and Janice, became Second Class Scouts.

A picnic lunch followed the gathering, the final meeting of the year. A cook-out is being planned for June 19.

Stephenson

Cub Scout Picnic

STEPHENSON—The Stephenson Cub Scout Pack 50 will hold its picnic Tuesday, June 13, at the Wells Park. Attending in addition to the Cubs will be the Den Chiefs and Den mothers. The picnicers will leave by bus from the County Library at 1:30 p. m. Each one will provide his own table service. Fred Pintal is Cubmaster.

Putting new life back into old kitchen towels or cloth napkins is easy with iron-on designs available in most sewing centers. They're washable and come in a number of colors.

Small-apartment dwellers will soon be able to purchase a space-saving kitchen sink-refrigerator-stove unit the size of the conventional stove.

ESCANABA DAILY PRESS Thursday, June 10, 1954 13

John S. Back, Leaving For Europe, Honored At Party

John S. Back, who is leaving for a three months' tour of the Scandinavian countries, was honored at a farewell party attended by neighbors and friends at his home, 1510 11th Ave. N., Tuesday evening.

The program of the evening included an opening talk by Mrs. J. R. Larson, a vocal duet, "Barn-atto", by Mrs. John Anderson and Mrs. Larson, a talk by the Rev. John Anderson, Covenant pastor, a song, "Tacka Gud", by Rev. and Mrs. Anderson, a response by Mr. Back and a guitar number by Lambert Peterson.

Mr. Back, who will visit in Norway, Sweden, Denmark and Finland, was presented with a gift.

A lunch was served following the program and social hour.

Party arrangements were made by Mrs. Larson, Mrs. Emil Johnson and Mrs. Fred Beck.

Voelker Selected For Air Tour

GLADSTONE

Summer Painting Class To Be Held At Munising

Of considerable interest to art lovers and artists of the Upper Peninsula is the announcement that Dan Lutz, nationally known artist, will conduct a summer painting class at Munising for six weeks during the months of July and August.

Mr. Lutz has traveled, studied and painted in Europe, the United States and Mexico. He is a graduate of the Art Institute of Chicago which awarded him the James Nelson Raymond European Traveling Fellowship in 1931.

Since that time he has taught at such established schools as the University of Southern California, Chicago Art Institute, Chouinard Art Institute, San Antonio Art Institute and for many years at the Summer School of Painting at Saugatuck, Mich., of which he is a member of the Board of Directors. Next year he will go to the University of Georgia as guest artist at the invitation of Lamar Dodd. This year the picturesque qualities of the Upper Peninsula have brought Dan Lutz to Munising where he and his class will work in oil and watercolor. They will have centrally located studio facilities and will take advantage of the wealth of landscape material by going out to paint at various locations in the vicinity.

Raymond Kubacki, a rising young California painter, will act as his assistant.

Dan Lutz' most recent honor was top award for water colors at the 1954 Los Angeles Museum Annual Painting Exhibition. Awards in oil and water color painting have come from the National Academy of Design in New York City, the Pennsylvania Academy of Fine Arts and the Philadelphia and California Water color Societies, among others. His work is represented in numerous public and private collections from coast to coast.

Ensign Man Fined For Drunk Driving

Waldemar Anderson, Ensign Rte. 1, arrested by Michigan State Police for drunk driving, was arraigned before Justice A. T. Sohlberg Wednesday afternoon and fined \$50 and assessed costs of \$4.30. He also paid a \$1 fine and \$1 costs for having no tail light on his vehicle. His chauffeur's license was revoked.

Pfotenbauer Seeks Ping Pong Table

Recreation Director Don Pfotenbauer has need of a ping-pong table at the Recreation building and asks that any person having one they are willing to loan for the summer months contact him.

Stomach Really Gets An Ice Water Bath

ATLANTIC CITY, N. J. (AP)—A glass of ice water drops stomach temperature more than a third. That was the report a group of University of Pennsylvania researchers made here at a meeting of biologists.

After you drink a glass of ice water, your stomach temperature falls from around 98 degrees to 63 degrees and doesn't return to normal until 35 minutes later.

Card Players Find Fun On Streetcar

LOS ANGELES (AP)—Commuters on the streetcar route between here and suburban Bellflower have never had it so good.

Their conductor, V. C. Prettyman, has roped off a special section of the car for card players. Now, the card fiends have a board, cards, score sheets—and an ample supply of kibitzers.

Semester Honor Roll Announced

Gladstone Junior and Senior High School students who earned places on the second semester scholastic honor roll are announced by Supt. Wallace C. Cameron.

Listed by grade, with an asterisk denoting all A's, they follow:

Rapid River Youths Named To Boys State

RAPID RIVER—James Johnson, son of Mr. and Mrs. Waldon Johnson of Rapid River, and Robert Olson, son of Mr. and Mrs. Robert Olson of Ensign, have been selected to represent Rapid River High School at Wolverine Boys State in East Lansing next week.

Both boys were outstanding members of the junior class last year. In addition to being honor students, they have been active in sports, music, and student government throughout high school.

They will leave June 16 by bus for East Lansing where they will participate in the educational, social, and athletic programs designed to better acquaint them with the machinery of government and the responsibilities of citizenship in a democracy.

Sponsoring organizations are the Walter W. Cole American Legion Post, the PTA, and the Lion's Club of Rapid River.

Loses 35 Lbs. Safely Rennel Brings Joy And Health To Detroit Lady

"Before using Rennel Concentrate I was extremely overweight and had been so since childhood, but due to a rheumatic heart I was not able to go on a strict diet nor exercise at all," writes Mrs. Ruth Fournier, 4241 Lincoln, Detroit 8, Mich. "Now I have lost 35 lbs. in 7 weeks with Rennel Concentrate and have been checked by a doctor and I am in excellent health. All of my overweight friends have been watching my progress and have

seen such wonderful results in me." It's amazing how quickly you can lose unsightly fat at home. Obtain liquid Rennel at your druggist, mix with grapefruit juice at directed and take two tablespoons twice a day. That's all there is to it. If you do not lose weight with the very first bottle just return it for your money back. You need never know a hungry moment while reducing with Rennel. Insist on and get genuine Rennel.

UP Republicans Meet At Blaney

The Northern Michigan Republican Association, composed of Republican organizations of the 11th and 12th districts, will hold its annual meeting at Blaney Park Friday and Saturday.

Registration will start at noon Saturday at the time of the annual luncheon. The annual meeting proper will convene at 1:30 when reports of committees will be received.

Among prominent Republicans present at the meetings will be State Chairman John Feikens, National Committeeman Dave Kendall, National Committee woman Rae Hooker, Rep. Victor Knox of the 11th district, state officials and others active in the Republican party will be present.

The meeting has been called by William Netter, of Gaylord, president of the association and Clarence Dell, St. Ignace, secretary.

All counties in the 11th and 12th district will be present.

Confirmation Rites At Zion Lutheran Church Announced

The rite of confirmation followed by Holy Communion will be conducted at Zion Lutheran church next Sunday morning at the 9 o'clock services, with the Rev. Wilbur Johnson, of Rapid River in charge.

As a preliminary to this service, Rev. Johnson will hold a public examination of the class members at services at the church at 7:30 Saturday evening.

The church choir, directed by Mrs. James H. Fyvie, for the Saturday evening service, will sing an arrangement of psalm 103 and the Tschennokoff "Now I Sing Thy Praise."

A Bach composition from the cantata "Praised Be the Lord" will be played by Mrs. Harry Ahlstrom, organist.

A general invitation to attend these services is extended.

The confirmands are Tom Arnold, Carol Chandanis, Ceron Christensen, Lief Erickson, Joan Creighton, Karen Gilland, Gordon Gunderson, Don Mickelson, Alice Miller, Karen Joy Rousse and Gloria Stanley.

Give Results Of Softball Games

Softball and hardball games this week have been of practice nature and regular league play will begin next Monday, June 14. It was announced yesterday by Don Pfotenhauf, recreation director.

At present there are three softball leagues and one for hardball. In the Pee Wee loop are the Tigers and Braves. The Junior Midget league has the Lions, Buckeyes, Mohawks and Mid-Town Midgets. In the Midget league are the Dodgers, Cubs, Royals and Wildcats. In the hardball league are the Dodgers, Cubs, Royals and Wildcats.

In this week's games the Tigers won 25-10 from the Braves and tied the Braves 18-18 in the Pee Wee league. In Junior Midget play the Midgets beat the Buckeyes 15-10, the Buckeyes beat the Lions 20-16, the Mohawks nosed the Buckeyes 9-7 and the Midgets walloped the Lions 15-4.

In the Midget league the Dodgers beat the Royals 20-16, the Wildcats nosed the Cubs 11-9 and the Cubs trounced the Dodgers 16-6.

The Dodgers eked out a 6-5 win over the Royals in hardball.

Obituary

MRS. PAULINE SARASIN

Funeral services for Mrs. Pauline Sarasin, longtime resident of Gladstone, were conducted yesterday morning at 9 at All Saints Catholic Church, the Rev. Fr. Matt LaViolette offering the requiem.

Musical of the mass was by the Student Choir of All Saints School. Pallbearers were Ray Sarasin, Joseph Sarasin, Adolph Sarasin, John Schiska, Roy LaCosse and Mike Stedard. Burial was in the family lot in the Perkins cemetery.

Out of town persons attending the services included Mr. and Mrs. Lester Parsons, Joseph Sarasin and Paddy, Mary Ann and Harold Parsons of Michigan City, Ind., Martin Schiska of St. Paul, Harold Sarasin of Chicago, Lavona French of Anderson, Ind., Bernard Sarasin of Milwaukee, Mrs. Anne Fleming of Daggett, Mrs. Leo Bradie of St. Paul, Mr. and Mrs. Philip Schiska of Pwano, Mich., and Mr. and Mrs. John Schiska and Joy Schiska of Norway.

Work, Sleep, Play In Comfort

Without Naggng Backache

Naggng backache, loss of pep and energy, headaches and dizziness may be due to slow-down of kidney function. Doctors say good kidney function is very important to good health. When some everyday condition, such as stress and strain, causes this important function to slow down, many folks suffer naggng backache—feel miserable. Minor bladder irritations due to cold or wrong diet may cause getting up nights or frequent passages. Don't neglect your kidneys if these conditions bother you. Try Doan's Pills—a mild diuretic. Used successfully by millions for over 50 years. It's amazing how many times Doan's give happy relief from these discomforts—help the 15 miles of kidney tubes and filters flush out waste. Get Doan's Pills today!

City Briefs

Following a four-weeks vacation, Miss Pat Hanson, daughter of Mr. and Mrs. Lloyd Hanson, has returned to Chicago where she is a student at the Augustana School of Nursing and for the next three months will be located at the Veterans Administration Hospital at Downey, Ill.

Mr. and Mrs. William Duerr of Chicago, are spending a few days at the William DeKeyser home, 425 Dakota Ave.

Mrs. O. S. Hult has returned from Ann Arbor where she motored to accompany her daughter Gretchen home. Gretchen attends the University of Michigan.

Mr. and Mrs. H. T. Brewer and daughter Joyce are visiting for a few days in Flint and Mt. Pleasant.

Mr. and Mrs. Ray Barnard and children are expected to arrive either Saturday or Sunday from Hershey, Pa., to vacation visit with her parents, Mr. and Mrs. Oscar Knutson. Mrs. Barnard is the former Helen Knutson.

The Mike Vargas have moved from 1320 Lake Shore to 531 North 13th St.

Mr. and Mrs. Clifford Buckmaster and children will arrive Friday from Petoskey to visit with her parents, Mr. and Mrs. Ed Olson and with his parents, Mr. and Mrs. Shirley Buckmaster.

Mrs. Olaf Humen, Mrs. A. Vinbol and Mrs. E. A. Johnson left today for their homes in Ontario, Canada, following a 5 day visit with Mrs. Inga Mathison. Mrs. Mathison accompanied them home and will visit there for a week.

Doniver Bjorklund, son of Mr. and Mrs. Alvin Bjorklund, is a surgical patient at St. Francis hospital.

Mrs. Ben Erickson and children have returned from Rhineland where they visited for several days. They were accompanied home by Bill Hull who is a guest of their son Phil and Dora Piehl who is a guest of their daughter Elizabeth.

First Tennis Court Dance Wednesday

The first of a series of tennis court dances will be held next Wednesday evening at the Central playground court, it is announced by Recreation Director Don Pfotenhauf. Weather permitting the dances will be held each Wednesday night during the summer months. A nominal admission will be charged.

The dances were first held last summer and proved popular with young folks of the city.

Two Will Attend National Music Camp

Denis Artley and Nancy Grenfell, Gladstone High School students, will attend the National Music Camp at Interlochen for a two-week period this summer. A full scholarship was awarded and divided between the two students who play bass horn and cornet, respectively.

Former Manistique Men Visiting Here

Harold Middlebrook and Will J. Heffron, former residents of Manistique, spent several days here last week visiting friends in the city. Mr. Middlebrook, who left Manistique in 1908 has been retired as division superintendent of power in the Gary-Chicago area for U. S. Steel Corp. Mr. Heffron, who is employed with U. S. Steel in the Electrical Department was under Mr. Middlebrook's supervision for many years. Both gentlemen were impressed with the growth and changes in the Manistique area.

City Briefs

Mrs. Aldred Farley and sons, Michael and Gary, left Wednesday for Milwaukee where they will visit with relatives for one week.

Court Convenes Monday, June 21

Schoolcraft County Circuit Court will convene for its June term on Monday, June 21, at 10 a. m. before the Hon. Richard W. Nebel, circuit judge, according to announcement by G. Leslie Bouschor, county clerk.

No jury has been called and, according to present indications, the session will be a short one.

Five criminal cases are listed on the docket, none of which are new. The defendants are Harold E. Gauthier, charged with desertion of family; Ray Marinette, trespass; Leon Rushford, continued for trial; Thomas McMurty, support for child and Warren Duane Coon, breaking and entering.

Seven civil, non jury cases are also docketed. They are: Dominic Loia vs. Manistique & Lake Superior Railway, trespass on the case; Employer Mutual Insurance company, a Wisconsin corporation vs. Robert Graves and Roy Graves, doing business as Graves Bros., assumpsit; John Dougherty vs. John Slack, trespass on the case; Elmer Beaudry vs. Jack Wilson, assumpsit; Star Rubber Co. vs. Northwoods Mfg. Co., assumpsit; and Tom Brown vs. Northwoods Mfg. Co., assumpsit.

Attention is called to the fact that court will be called promptly at the time designated.

The next jury term will convene Sept. 27.

Briefly Told

Choir Practice — The Choir of the First Baptist Church will practice in the church tonight at 7:15.

Brotherhood — The Zion Lutheran Brotherhood will meet in the church tonight at 8.

Royal Neighbors — The Royal Neighbors will meet tonight at 8 at the home of Mrs. Emery Reickhoff, 440 Delta Ave.

Old Friends In London, England, Reunited Here

Mrs. Bessie Curry, of Buxton, a suburb of London, England, and her brother, John J. Ventham, of Franklin, Mass., are guests at present at the home of Mr. and Mrs. Morris Reid, and Mrs. Reid's mother, Mrs. C. Kassell, 327 North Cedar Street.

Mrs. Curry and Mrs. Kassell, though not related, are friends of long standing. Mrs. Curry being a particularly close friend of Mrs. Kassell's mother in England, and although Mrs. Curry came here primarily to visit Mr. Ventham, whom she had not seen in more than 50 years, she expressed a strong desire to see her friend in Manistique, and he made it possible for her to be here.

It was an unusually happy reunion, for the two ladies hadn't met since the time Mrs. Kassell visited her folks in the Old Country and that was many years ago—at the time Mrs. Kassell's daughter, Mrs. Reid, was born.

Concerning England, Mrs. Curry says that conditions are greatly improved there of late since the stringent rationing regulations have been removed. But she adds that the country is far from back to normal and she marvels at the freedom from irksome regulations in the states enjoy here. But of course, the British countryside is lovely as ever, she says.

British restrictions on the money one may take out of the homeland, she says, threatened to make things very difficult for her, because the amount she could take little more than paid for passage and bare necessities, but thanks to her brother's generosity, he financed the visit here from Massachusetts, coming along to meet the dear friend of the family.

Mrs. Curry made the trip on the USS United States, a new liner of the American Steamship Company. The voyage from Southampton, England to New York took four days. American custom clearance took very little time, she says, and involved very little red tape, but the British clearance—"Oh dear," she said. "They asked you how much money you had in the bank, the number and amount of your insurance, and dozens of other questions." She expects to remain in America six months.

For county clerk and register of deeds there will be two candidates—G. Leslie Bouschor, Republican and Walter Burns, Democrat.

Laura Williams, county treasurer appears to be unopposed as no one else has filed for that office. John I. Bellaire, present drain commissioner, has filed again for that office on the Republican ticket. Fred Hess has filed on the Democratic ticket.

Present coroners Robert W. Broulliere and Edward V. Jackson, apparently will have no opposition.

Carl Christensen, present county surveyor has filed for re-election. He will be opposed by William McKenzie on the Democratic ticket.

Paul Giel Signs Three-Year Bonus Contract With New York Giants

By CHRIS EDMONDS
MILWAUKEE — How does a college kid react to an assured income of \$60,000 for the next three years?
Paul Giel, the Minnesota football star who signed to pitch professional baseball for the New York Giants, was more impressed with a gift automobile.
"Boy, you ought to see it," he told newsmen Wednesday at a news conference attended by such high brass of the Giants' organization as president Horace Stoneham. "They gave it to me up at Minneapolis the other night. Was I surprised. It's a cream-colored hard-top convertible."

Pick of Offers
Giel, a two-time All-America halfback, had his pick of six or seven offers from major league baseball teams and turned down a couple of what he called "highly attractive" bids to play football in the Canadian league.
Actually, Giel admitted, "several" other baseball offers were better than the Giants', "but there were some other considerations—and I always wanted to play with the Giants."

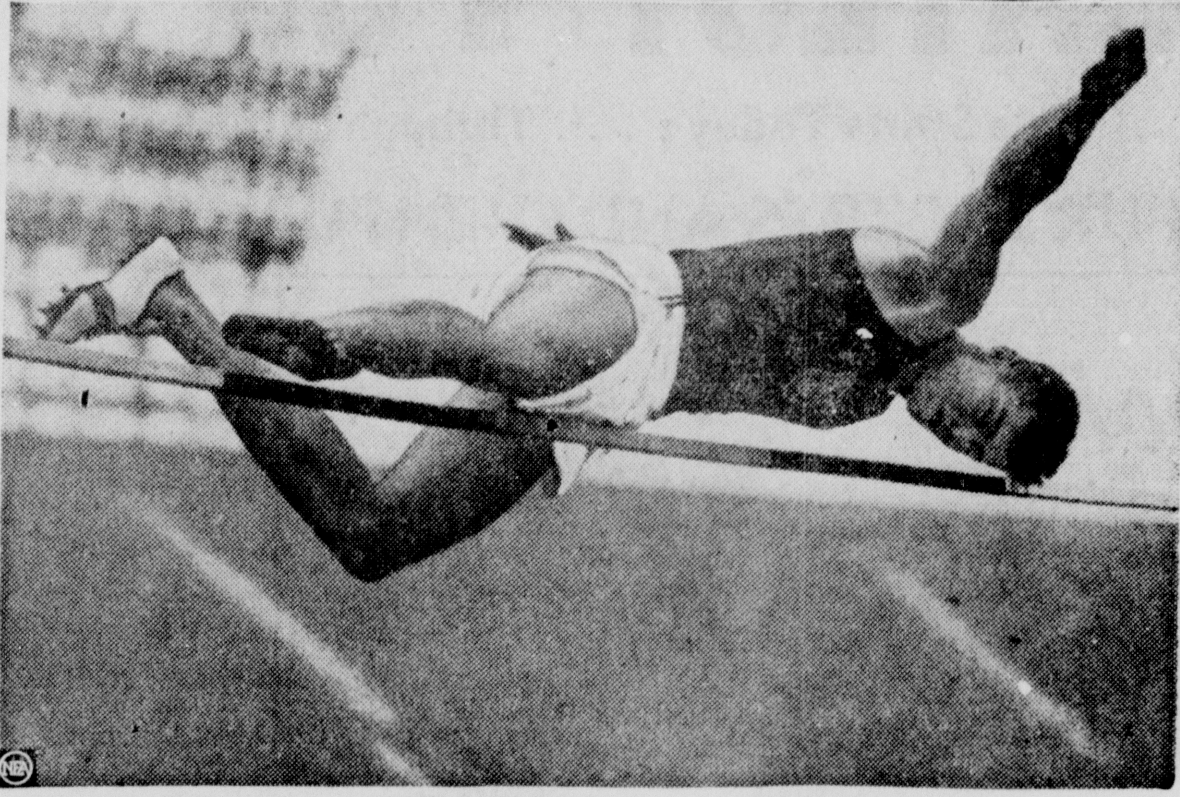

Exact terms of the bonus arrangement were not revealed, but the Giants' publicity department announced that Giel had "signed a three-year bonus contract." One of the club's front office brass agreed \$60,000 was "about right," adding it would constitute the youngster's salary spread over a period of three years.

Faces Army Service
Giel, 21, figures to be in the Army by October, 1955. He said he will get his second lieutenant's commission in the ROTC in December, while completing credits for a physical education degree at Minnesota.

Leo Durocher, Giants' manager, said he hadn't seen the right-handed Giel prior to a short workout at County Stadium here Wednesday night but that Carl Hubbell, farm club director, was "high on the boy."

"Hub says he's a low ball pitcher and that's good enough for me," Durocher said. "The best Giant pitchers over the years — and Hub was one of 'em — were low ball men, made the batters hit into the ground."

In three years of college baseball, Giel posted 21-8 record and had a 2.16 earned run average.

BARE FOOT FORWARD — Ernie Shelton is given the best chance to be the first 7-foot high jumper. The Southern California lad nicked the bar at that height in Finland last summer, has done it in practice. He has recorded 6.9 3/5 several times. Texas A. and M.'s Walt Davis, now playing professional basketball, holds the world record, 6.11 1/2. (NEA Photo)

Tigers Talk Trade With Yankee Bosses

NEW YORK — Detroit Tigers boss Walter O. (Spike) Briggs and his first lieutenant, General Manager Herold (Muddy) Ruel, were in town today for a confab with General Manager George Weiss of the New York Yankees.

Players mentioned in a rumored possible trade were pitcher Ted Gray, infielders Johnny Pesky and Fred Hatfield and outfielder Bob Nieman of Detroit and second baseman Gil McDougald, outfielder Bob Cerv and pitcher Tom Gorman of New York.

Gray, 29-year-old southpaw has a sore arm and a 1-2 record this season. When right, he is one of the best left-handers in the American League.

The Yankees need another left-handed pitcher and an outfielder because of Whitey Ford's slow start and injury which will sideline Enos Slaughter for at least a month.

During the last two weeks the Tigers have acquired pitcher George Zuverink, first baseman Wayne Belardi and catcher Bob (Red) Wilson. Zuverink, purchased from Cincinnati for the \$10,000 waiver price, has won two of his three starts. Wilson, obtained from Chicago White Sox in a trade for catcher Matt Batts, has been alternating behind the plate with Frank House.

Belardi, acquired from Brooklyn late Tuesday night for infielder Charles Kress, a bundle of cash and two minor league players, broke in with a bang yesterday. Used as a pinch hitter against the Yankees, the 23-year-old left-handed bunter rapped a single to keep a Tiger rally alive.

Bark River Waubung Team Meets Friday

All boys in the Bark River area who are eligible to play in the Waubung league are asked to report at the Bark River diamond Friday night at 7:30 with their fathers. Leo Knauf, manager of the Bark River Waubung League entry, has announced.

The league is open to players 17 years old and younger.

Bark River opens its Waubung League season Sunday at Stephenson.

Gladstone Juniors Will Meet Tonight

Youngsters in the Gladstone area desiring to play with the Gladstone Juniors entry in the Waubung league will meet tonight at 6:30 at the playground, Gordon Haga has announced. Delbert Nelson will assist Haga in organizing the team.

Gladstone plays at Powers Sunday in their first Waubung League game.

Results Of Stock Car Races Listed

Results of the stock car races Tuesday night follow:
Time trials won by Al Smith, Marinette.
First heat won by Bill Godfrey, Gladstone.
Second heat won by Bob Salzman, Marquette.
Third heat won by Al Smith, Marinette.

Semi final and feature races won by Ed Williams, Marquette.

High School Junior Signed By Browns

CLEVELAND — The Cleveland Browns today announced signing Chester Gilchrist, a high school junior who will be 19 next month.

Gilchrist, a 200-pound fullback, led Har-Brack High School, near Pittsburgh, through an unbeaten season in 1953 and was named to the All - Pennsylvania scholastic team.

Commissioner Bert Bell of the National Football League gave the Browns special permission to sign the boy, who will be ineligible next season. Gilchrist's high school principal said he "has no college aspirations or intentions."

Cubs Pound Homers At Record Pace

CHICAGO — The Chicago Cubs are hitting home runs at a record major league pace. The Bruins have hit 71 homers in 49 games, a rate that would give them 223 for the year. The New York Giants set a record of 221 in 1947.

Yesterday's Stars

By The Associated Press
Pitching — Harvey Haddix, St. Louis Cardinals, allowed the Dodgers only three singles in winning his seventh straight game and his ninth of the season, 3-0.
Batting — Al Dark, New York Giants, got two doubles and two singles in four times up as the Giants beat Milwaukee 4-0.

Kilgore Stops Ernie Durando

MIAMI BEACH — Billy Kilgore's surprise technical knockout over Ernie Durando here Wednesday night may have earned him a non-title bout with middleweight champion Bobo Olson.

"I might get slaughtered," the Miamian said in his dressing room, "but I doubt it."

Kilgore, a 2-1 underdog, gave Durando, the hard - punching Bayonne, N. J., middleweight, a decisive beating from start to finish. A Miami Beach Boxing Commission doctor refused to allow Durando to come out for the tenth.

There were four lacerations around Durando's left eye and 10 stitches were needed to close them. Two more stitches were taken in a cut over the right eye.

The International Boxing Club had said the winner of the fight might be given a non - title match with Olson July 7.

Mrs. F. C. Boyce Wins 5-Hole Event

Mrs. F. C. Boyce won the selective five hole event (best five net holes) in the ladies' day feature at the Escanaba Golf Club Wednesday. Mrs. D. F. LeMire, Mrs. John Bissell and Mrs. W. H. Needham were tied for second, each with 16, two strokes over the 14 turned in by the winner.

Mrs. D. F. LeMire had low gross, 46, and Mrs. Needham was second with 48.

Next week's event will be a substitute par for the three worst holes. Ladies who have not already signed up may do so by calling the golf shop by Saturday noon.

A mixed two-ball foursome event is scheduled for Friday. Four-somes may arrange their own starting times. Additional couples desiring to play may call the golf shop or report to the tee Friday afternoon. The regular Friday evening fish fry will follow the event.

Pairings thus far follow:
Mr. and Mrs. Jim Hall and Mr. and Mrs. Harry Hogan
Mr. and Mrs. Clyde Lepisto and Bob Hansley and Betty Morin
Mr. and Mrs. Jim Kennedy and Ed Gravelle and Mary Loeffler
Mr. and Mrs. Paul Wohlen and Mr. and Mrs. Jack Root
Dr. and Mrs. K. Harrington and Dr. and Mrs. D. LeMire
Mr. and Mrs. G. Stuart and Dr. and Mrs. D. H. Boyce
Mr. and Mrs. J. Poffenberger and Mr. and Mrs. H. E. Johnson

Opening Pram Race Of Season Is Held

The first EYC pram races of the season, and the first of the John J. Mitchell Trophy Series, were held last night at the Yacht Harbor. The first race was won by David Johnson in Doodle. The second race, won by Ray Walsh in Rosie Jr., was a two-in-a-boat race. Boys who were invited as crew were Bob Dickson, Don Johnson, Allan Parness and Dennis Swanson.

Each skipper receives points based on the number of boats competing and the order of finishing. There was a good sailing breeze to take the little boats around the triangular course in the Yacht Harbor. Judges were Roy Swanson and R. L. Johnson.

Sport Shorties

Since 1876 there have been 142 no-hit games pitched in the major leagues.
Only two umpires officiated in the World Series from 1903 to 1908. Then two more arbiters were added. Now six take the field for the post-season classic.

Keegan Posts Ninth Victory As White Sox Beat Athletics

By BEN PHLEGAR
AP Sports Writer
After being mired in the minors for seven years with an aching arm, pitcher Bob Keegan leads the American League in victories today because Manager Paul Richards told him to get his arm sore in January instead of June.

The big right-hander won his ninth game for the first place Chicago White Sox Wednesday night, 9-4 over Philadelphia. He's been beaten only once.

Keegan, a sinker ball artist, is hitting his prime just two months shy of his 33rd birthday and in his second season in the majors.

Given Up By Yankees

The White Sox grabbed him out of the International League, where he won 20 and lost 11 for Syracuse in 1951. The New York Yankees, who had owned him for six minor league seasons, had given up on his sore arm.

Keegan developed his usual sore arm last spring, but finished strong, winning seven and losing five.

Last winter Richards ordered him to go to work in the gym. Keegan developed his old ache, but it was gone and Keegan was fit and ready when the season opened.

Faces New York Next

He has started 11 games, finished nine of them and has a fine earned-run average of 2.27 in 99 innings. He's beaten every team in the league except the Yankees at least once. So far he hasn't faced the Yankees although he's sure to get a chance this weekend when the White Sox invade New York for four games.

The triumph in Philadelphia, which included home runs by Johnny Groth, Chico Carrasquel and Sherm Lollar, enabled Chicago to hold its one-game lead over the Cleveland Indians, who, shaded Washington 1-0. New York defeated Detroit 5-1. Boston beat Baltimore 7-6.

The New York Giants tied Brooklyn for first place in the National League as Johnny Antonelli shut out Milwaukee 4-0 while St. Louis tripped Brooklyn 3-0. Philadelphia won a pair from Chicago 4-0 and

Battle of Home Runs

The Dodgers folded before the southpaw slants of Harvey Haddix, who joined Keegan as the only nine-game winners in the majors. He gave up only three hits.

The Cubs got 10 hits off Murry Dickson but failed to convert them into a single run in their first game loss to Philadelphia. In the nightcap the Phillies won a battle of home runs. Willie Jones hit a pair and Bobby Morgan, Stan Lopata and Granny Hamner got one apiece. Joe Garagiola and Bill Serena, both pinch hitters, homered for Chicago.

The Redlegs beat Pittsburgh on bases-empty homers. Joe Nuxhall got one in the third; Gus Bell, one in the sixth and one in the eighth; and Jim Greengrass, one in the ninth.

Bob Porterfield of the Senators gave up only four hits but Cleveland got the only run of the game when Vic Wertz singled and scored on a single by Dave Philley and an error by Eddie Yost.

Boston's winning run against Baltimore came in the ninth on a triple by Sammy White after Jackie Jensen had singled.

A three-run double by Yogi Berra and Eddie Robinson's first home run since joining the Yankees led to Detroit's defeat.

Cardinal Southpaw Shuts Out Dodgers

ST. LOUIS — Harvey Haddix, St. Louis Cardinal southpaw who led the National League with six shutouts last year, turned in his first shutout of the season Wednesday night. He beat the Brooklyn Dodgers 3-0 on three hits and dropped the Bums into a first place tie with the New York Giants.

The 29-year-old hurler is the first lefty to defeat the Dodgers this year. Haddix fanned four to bring his league-leading number of strike outs to 69. He has walked 39 men.

The 20-game winner of 1953 chalked up his seventh straight win and his ninth of the season — tops in the league. He has lost three.

LIGHTER LUMBER — Hank Sauer shows Stan Hack the new and lighter bat which has him batting around .340, bidding for the major league home run championship and among the leaders in runs-batted-in. The big Cub switched from a 40-ounce club to one that

Slump Continues As Tigers Bow To Yanks

NEW YORK (AP)—The Detroit Tigers are suffering both collectively and individually in their losing 22-game road trip.

Their 5-1 setback to the New York Yankees Wednesday was their 11th setback in the first 16 games of the tour. It dropped them to the precarious .500 mark, with 24 wins and 24 losses.

The Tigers haven't dipped below that figure this season. They'll be battling to preserve that mark when they face the Yankees in the windup of a three-game series today.

House, Drogo Improve

Al Aber or Dick Weik each 0-1 will face New York's Jim McDonald 3-1.

Among the Tige regulars, only catcher Frank House and first baseman Walt Drogo have benefited during the road trip.

House left Briggs Stadium two weeks ago with a .308 batting mark. He has pushed it to .328. Drogo has upped his mark 10 points, from .270 to .280, but the Tiger front office is still disturbed over his failure to hit the long ball. Drogo has only two home runs.

As for other regulars, Bill Tuttle slipped from .367 to .324; Ray Boone, from .327 to .301; Harvey Kuenn from .290 to .280; Jim Delsing from .274 to .250; Frank Bolling from .272 to .247 and Al Kaline from .269 to .260.

Only Six Hits

The Tigers garnered only six hits yesterday off the combined offerings of starter Ed Ford and winner Tom Morgan. Three were by Kuenn, who prior to the Yankee series was in a serious batting slump.

But it was Kuenn's boot of a ground ball in the seventh which put the game beyond recall for the Tigers. He kicked a two-out hopper by Phil Rizzuto, setting up a three-run double by Yogi Berra.

George Zuverink, the strapping righthander from Holland, Mich., hurled the first seven innings and suffered his first loss against two

wins. He pitched well enough, allowing seven hits, but Kuenn's error offset his effort.

Price Is Important . . but QUALITY comes first

Most of our cars are high-grade, one-owner cars. They come to us from high-grade families, in trade on new Buicks. Good care has been taken of these cars. We've often serviced them regularly ourselves.

On top of that, our own expert mechanics completely inspect every car with the help of our modern scientific equipment—detect flaws or suspicious sounds—restore all doubtful parts to new condition or replace them entirely.

And since we are primarily in the new car business, we do not have to depend on high used car mark-ups for our livelihood. You get a good, reliable car at a fair price every time — with our guarantee and our reputation to protect you.
